Outside agencies may change personnel and may not inform the school, so always check at the time of referral whether the contacts are "live" and avoid sending email to a defunct address that is not read.

Jesson's CE Primary School Safeguarding and Child Protection Policy

- 1. Safeguarding definition
- 2. Legislation & supporting documents and guidance
- 3. Related policies
- 4. Aims and purpose
- 5. Roles and responsibilities
- 6. Confidentiality and information sharing
- 7. Communication with parents
- 8. Advice on what to do if a child discloses
- 9. Recording and reporting procedures
- 10. Child protection procedures-vulnerable children, Early Help Assessment, Children in Need and Child Protection
- 11. Voice of the child
- 12. Record keeping
- 13. Looked after children and previously looked after children, designated teacher, virtual school liaison
- 14. Care leavers
- 15. Children with special needs and disabilities
- 16. Staff safeguarding training, including induction
- 17. Safer working practices
- 18. Safer recruitment
- 19. Management of allegations
- 20. Whistleblowing
- 21. Curriculum and e-safety
- 22. Contextual safeguarding
- 23. Types and signs of abuse
- 24. Mental Health
- 25. Children missing education
- 26. Private fostering
- 27. Sexting/Youth produced digital imagery
- 28. Child sexual exploitation
- 29. Honour-based Abuse
- 30. Female genital mutilation
- 31. Forced marriage
- 32. Breast ironing
- 33. Up-skirting
- 34. Serious violence
- 35. Prevent
- 36. Child on child abuse
- 37. Sexual violence and sexual harassment
- 38. Child criminal exploitation and county lines
- 39. Children in the court system
- 40. Children with family members in prison
- 41. Domestic abuse
- 42. Homelessness
- 43. LGBT+
- 44. Monitoring policy and procedures
- 45. Appendices including: -7 Rules of Information Sharing, Staff Code of Conduct, Managing Allegations Single Central Record and Staff Files

1. Safeguarding Definition

Safeguarding and promoting the welfare of children means:

- > Protecting children from maltreatment
- > Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- > Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

Children includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- > The local authority (LA)
- Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- The chief officer of police for a police area in the LA area

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

At Jesson's CE Primary School we are committed to safeguarding children and young people and we expect everyone who works in our school to share this commitment.

Adults in our school take all welfare concerns seriously and encourage children and young people to talk to us about anything that may worry them.

2. Legislation and Guidance

The staff and Governing Body of Jesson's CE Primary School recognises and is committed to fulfilling its statutory responsibility to safeguard and promote the welfare of children in accordance with the following legislation and guidance:

This policy is based on the Department for Education's statutory guidance <u>Keeping Children Safe in Education</u> (2023) and <u>Working Together to Safeguard Children (2018)</u>, and the <u>Governance Handbook</u>. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

Section 175 of the <u>Education Act 2002</u>, which places a duty on schools and local authorities to safeguard and promote the welfare of pupils

- > The School Staffing (England) Regulations 2009, which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- ➤ The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- > Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- > <u>Statutory guidance on FGM</u>, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- **>** The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- > Schedule 4 of the <u>Safeguarding Vulnerable Groups Act 2006</u>, which defines what 'regulated activity' is in relation to children
- > <u>Statutory guidance on the Prevent duty</u>, which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

Information Sharing (2018)

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/721581/Information_sharing_advice_practitioners_safeguarding_services.pdf

- The Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement)

 (Amendment) Regulations 2018 (referred to in this policy as the 2018 Childcare Disqualification Regulations) and Childcare Act 2006, which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the <u>statutory framework for the Early</u> Years Foundation Stage
 - Dudley Multi-agency safeguarding arrangements
 - Thresholds of support to children and families in Dudley

3. Related Policies

Our policy relates to safeguarding and child protection concerns and sits within a suite of other safeguarding policies. Our policy applies to all staff (teaching and non-teaching), governors and volunteers, temporary and supply staff working in our school. It will be reviewed at least annually by the Governing Body, and is in line with our local safeguarding procedures, the expectations of the Department for Education and Ofsted which inspects schools' safeguarding arrangements.

Other policies that may be referred to within this policy include:

- Attendance and Punctuality
- Local Authority Admissions Policy and Nursery Admission Policy
- Behaviour and Anti-bullying
- Special Educational Needs
- Looked After Children Policy (including post LAC)
- Educational Visits
- Visiting Speakers
- Code of Conduct (see appendix)
- Safer Recruitment
- Equal Opportunity
- Management of Allegations (see appendix)
- PSHE
- Citizenship
- E-Safety

- Children Missing Education
- Whistleblowing
- Relationships and Sex Education
- British Values
- Intimate Care Policy
- Physical Intervention/Positive Handling
- Medical Needs
- Accessibility Plan
- Exclusion Procedures
- Data Protection and Confidentiality

There may also be other school documents which will from time to time overlap, so this list should not be considered exhaustive. Other agencies also have their own guidance and policies which we will need to refer to e.g. Dudley Threshold Model for referrals to DUDLEY CHILDRENS FRONT DOOR. Some of these are listed in Appendix 5.

4. Our policy aims

- To fulfil our motto by inspiring each individual child to 'be the best they can be'.
- To provide Staff with the framework to promote and safeguard the wellbeing of children and in so doing
 ensure they meet their statutory responsibilities;
- To ensure consistent good practice across the school
- To demonstrate our commitment to protecting and supporting our vulnerable children, children who need support through early help, children in need and children who have a child protection plan.

Principles and values

Nationally and internationally, too many children's tomorrows have been devastated by the lack of protection today.

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children. We understand that safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with our children and families has a role to play in identifying concerns, sharing information and taking prompt action.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of "it could happen here" where safeguarding is concerned.

We will adopt a 'child-centred' approach to safeguarding and child protection and we will act in the 'best interests' of our children.

We ensure that everyone is aware of their safeguarding responsibilities.

We provide staff, volunteers and governors with the framework, training and support they need to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

5. Roles and Responsibilities (see also PART TWO - KEEPING CHILDREN SAFE IN EDUCATION)

Our Safeguarding Link Governor is Mrs H Worrall

Our Chair of Governors is Mrs H Worrall

Our Governing Board will ensure they comply with their duties under legislation, they will have regard to 'Keeping Children Safe in Education' 202 to ensure that the policies, procedures and training in our school are effective and comply with the law at all times.

Our Governing Body will ensure:

Safeguarding policies:

- Appropriate policies and procedures are in place in order for appropriate action to be taken in a timely
 manner to safeguard and promote children's welfare. These policies will include an effective
 safeguarding/child protection policy, a code of conduct for adults which will amongst other things include acceptable use of technologies, staff/pupil relationships and communications including the use of social
 media and a school behaviour policy;
- These policies, along with our school's behaviour policy, part one of Keeping Children Safe in Education and
 information regarding the role of the designated safeguarding lead and any deputies, will be provided to all
 staff on induction. Our Governing Body will take a proportional risk-based approach to the level of
 information that is provided to temporary staff and volunteers;
- Our safeguarding/child protection policy will describe procedures which are in accordance with government guidance and refer to locally agreed multi-agency safeguarding arrangements put in place by the three safeguarding partners. It will be updated annually (as a minimum), and be available publicly either via our school website or by other means;
- That the above policies and procedures, adopted by our Governing Body particularly concerning referrals of cases of suspected abuse and neglect, are followed by all staff; and
- Appropriate safeguarding responses are in place to children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in future.
- Where reasonably possible, our school will hold more than one emergency contact number for each pupil or student.

Designated safeguarding lead and deputies:

- That they appoint an appropriate senior member of staff, from our school team, to the role of designated safeguarding lead. The designated safeguarding lead will take lead responsibility for safeguarding and child protection matters. Their role will be made explicit in the role-holder's job description (see Annex B which describes the broad areas of responsibility and activities related to the role);
- They determine whether they choose to have one or more deputy designated safeguarding lead(s) as appropriate. Any deputies appointed will be trained to the same standard as the designated safeguarding lead;
- That whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection, as set out above, remains with the designated safeguarding lead. This responsibility will not be delegated;
- That the designated safeguarding lead and any deputies will liaise with the three safeguarding partners and work with other agencies;
- The designated safeguarding lead and any deputies should liaise with the three safeguarding partners and work with other agencies in line with Working Together to Safeguard Children. NPCC 'When to call the police' will help designated safeguarding leads understand when they should consider calling the police and what to expect when they do.
- That during term time, the designated safeguarding lead and or a deputy will always be available (during school or college hours) for staff in the school or college to discuss any safeguarding concerns. Our

- Governing Body will arrange, in liaison with the HT/DSL, adequate and appropriate cover arrangements for any out of hours/out of term activities; and
- The designated safeguarding lead and any deputies will undergo training to provide them with the knowledge and skills required to carry out the role. The training will be updated every two years. The DSL will attend Prevent training. In addition to their formal training, as set out above, their knowledge and skills will be updated, (for example via e-bulletins, meeting other designated safeguarding leads, or taking time to read and digest safeguarding developments), at regular intervals, but at least annually.

Multi-agency working:

- That our school contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children;
- We, SLT and the DSL/DDSLs understand our role in the new safeguarding partner arrangements
- We co-operate and engage fully with the new published safeguarding arrangements;
- Our school will work with social care, the police, health services and other services to promote the welfare of
 children and protect them from harm. This includes providing a co-ordinated offer of early help when
 additional needs of children are identified and contributing to inter-agency plans to provide additional
 support to children subject to child protection plans. Our school will allow access for children's social care
 from the host local authority and, where appropriate, from a placing local authority, for that authority to
 conduct, or to consider whether to conduct, a section 17 or a section 47 assessment;
- That our safeguarding arrangements take into account the procedures and practice of the local authority as part of the inter-agency safeguarding procedures set up by the three safeguarding partners. This will include understanding and reflecting local protocols for assessment and the threshold document along with supplying information as requested by the three safeguarding partners.

Dudley's Thresholds and Early Help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Level 1 - No referral is required. Professionals should contact Dudley's Family information Service on 01384 814398 to obtain information about support available for children, young people and families.

Level 2 - Partner agencies should complete their own internal assessment as appropriate and forward this to the relevant Family Centre. Alternatively, an Early Help Assessment can be completed and forwarded to the appropriate Family Centre Cluster.

Level 3 - Referrals should be made by completing an Early Help Assessment and forwarding it to the appropriate Family Centre Cluster.

View more information on <u>Dudley Early Help</u>.

http://www.dudley.gov.uk/resident/care-health/children-and-family-care/early-help-for-children-and-families/

Dudley Threshold guidance:

Information Sharing:

Our school understands that sharing information is vital in identifying and tackling all forms of abuse and neglect.

- Our Governors understand and recognise the importance of information sharing between practitioners and local agencies. Our Governors will ensure arrangements are in place that set out clearly the process and principles of information sharing within the school and with the three safeguarding partners, other organisations, agencies and practitioners as required
- Our Governors understand the Data Protection Act 2018 and the GDPR places duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.
- Our Governors understand the DPA 2018 and the GDPR are not barriers to sharing information where the failure to do so would result in a child being placed at risk of harm they understand that fears about sharing information cannot be allowed to stand in the way of the need to promote the welfare and protect the safety of children.
- Our Governors will ensure relevant staff have due regard to the data protection principles, which allow them
 to share personal information, as provided for in the Data Protection Act 2018, and the GDPR. Relevant staff
 should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which
 allow them to store and share information for safeguarding purposes, including information which is
 sensitive and personal, and should be treated as 'special category personal data'.
- Our Governors will ensure that staff who need to share 'special category personal data' are aware that the
 Data Protection Act 2018 contains 'safeguarding of children and individuals at risk' as a processing condition
 that allows practitioners to share information. This includes allowing practitioners to share information
 without consent, if it is not possible to gain consent, it cannot be reasonably expected that a practitioner
 gains consent, or if to gain consent would place a child at risk.
- If our school is unable to provide pupils' personal data where the serious harm test under the legislation is
 met. For example, in a situation where a child is in a refuge or another form of emergency accommodation,
 and the serious harms test is met, we should withhold providing the data in compliance with schools'
 obligations under the Data Protection Act 2018 and the GDPR. Where in doubt our school will seek
 independent legal advice.
- Where children leave our school, the designated safeguarding lead will ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt will be obtained from the receiving school or college. The file will be transferred separately from the main pupil file. Our school will ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in a college, are aware as required.
- In addition to the child protection file, our designated safeguarding lead will also consider if it would be
 appropriate to share any information with the new school or college in advance of a child leaving. For
 example, information that would allow the new school or college to continue supporting victims of abuse
 and have that support in place for when the child arrives.
- Our policy is based on the following guidance
 - Information sharing: Advice for Practitioners providing safeguarding servicesWT2018
 - The Information Commissioners Office (ICO) https://ico.org.uk/for-organisations/guide-to-data-protection/guide-to-the-general-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisations/guide-to-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisations/guide-to-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisations/guide-to-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisations/guide-to-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisations/guide-to-data-protection-regulation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisation-gdpr/ Data Protection: toolkit for https://ico.org.uk/for-organisation-gdpr/

Staff Training:

• That all staff members undergo safeguarding and child protection training including online safety at induction. The training will be regularly updated. Our induction and training will be in line with advice from the three safeguarding partners. In addition, all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively; and

 Our Governing Body recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Our staff will be provided with the opportunity to contribute to and shape safeguarding arrangements and child protection policy.

Online Safety:

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- ➤ Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- > Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- > Set clear guidelines for the use of mobile phones for the whole school community
- **>** Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- > Content being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- > Contact being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- > Conduct personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- > Commerce risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above, we will:

- **Educate pupils about online safety as part of our curriculum. For example:**
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim
- > Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring.

 All staff members will receive refresher training as required and at least once each academic year
- > Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- > Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras

- > Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- > Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- ➤ Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation
- > Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.
- > Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
- > Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
- > Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

This section summarises our approach to online safety and mobile phone use. For full details about our school's policies in these areas, please refer to our online safety policy and mobile phone policies which can be found on our website

Artificial Intelligence

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard.

Jesson's CE (VA) Primary School recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

Jesson's CE (VA) Primary School will treat any use of AI to access harmful content or bully pupils in line with this policy and our anti-bullying/behaviour policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school.

Opportunities to Teach Safeguarding:

 Children are taught about safeguarding, including online safety, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through Relationship Education and Health Education, Personal, Social, Health and Economic Education (PSHE), citizenship and British Values.

Inspection:

• They are familiar with the OFSTED Education Inspection Framework and safeguarding: Inspecting safeguarding in early years, education and skills settings.

Safer Recruitment:

- They prevent people who pose a risk of harm from working with children by adhering to statutory
 responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for
 any checks beyond what is required; and ensuring volunteers are appropriately supervised. Our school has
 written recruitment and selection policies and procedures in place; and
- At least one person on any appointment panel has undertaken appropriate safer recruitment training.

Dealing with concerns about staff who may pose a risk of harm to children:

- There are procedures in place to manage concerns/allegations against teachers (including supply teachers and volunteers), that might indicate they would pose a risk of harm to children. These allegations or concerns will be referred to the designated officer at the local authority (LADO) by the appropriate person. Our school will follow the procedures outlined in part 4 of Keeping Children Safe in Education.
- Procedures are in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned.
- Our Governing Body is aware that this is a legal duty and failure to refer when the criteria are met is a criminal offence.

Child-on-child abuse

• ALL staff should recognise that children can abuse their peers. Our Governing Body will ensure that ALL staff are clear about our school's policy and procedures with regard to child on child abuse

Our safeguarding/child protection policy includes:

- Procedures to minimise the risk of child-on-child abuse;
- sets out how allegations of child-on-child abuse will be recorded, investigated and dealt with;
- how victims, perpetrators and any other child affected by of child-on-child abuse will be supported;
- a statement that abuse is abuse and will never be tolerated or passed off as "banter" "just having a laugh" or "part of growing up"
- recognition of the gendered nature of child-on-child abuse, that all child-on-child abuse is unacceptable and will be taken seriously;
- the different forms of child-on-child abuse, such as: bullying including cyberbullying, sexual violence and harassment, physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; up-skirting; sexting; and initiation/hazing type violence and rituals

The Child's wishes

• The child's wishes, and feelings are taken into account when determining what action to take and what services to provide. Systems are in place for children to express their views and give feedback. Systems and processes will operate with the best interests of the child at their heart.

<u>Children potentially at greater risk of harm -Children who need a social worker (Child in Need and Child Protection Plans)</u>

• The school DSL / or deputies are aware that some children may need a social worker due to safeguarding or welfare needs. Local authorities should share the fact a child has a social worker. Children may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health. The designated safeguarding lead will hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes. Where children need a social worker, this will inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).

Children requiring mental health support

School has an important role to play in supporting the mental health and wellbeing of their pupils. Mental
health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse,
neglect or exploitation. Our Governing Body ensures our school has clear systems and processes in place for
identifying possible mental health problems, including routes to escalate and clear referral and
accountability systems.

Looked after children and previously looked after children

- That staff have the skills, knowledge and understanding necessary to keep looked after children safe.
- And that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They should also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him / her. The designated safeguarding lead should have details of the child's social worker and the name of the virtual school head in the authority that looks after the child.
- All staff have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with looked after and previously looked after children we will ensure that all agencies work together, and prompt action will be taken when necessary to safeguard these children.

The designated teacher

- They appoint a designated teacher to work with local authorities to promote the educational achievement of
 registered children who are in care and to ensure that this person has appropriate training. With the
 commencement of the sections 4-6 of the Children and Social Work Act 2017, the designated teacher will
 also have responsibility for promoting the educational achievement of children who have left care through
 adoption, special guardianship or child arrangement orders or who were adopted from state care outside
 England and Wales.
- The designated teacher has appropriate training and relevant qualifications and experience.

Virtual school heads

- The designated teacher works with the virtual school head to discuss how looked after children pupil premium plus funding can be best used to support the progress of looked after children in the school and meet the needs identified in the child's personal education plan.
- The designated teacher will work with the virtual school headteacher to promote the educational achievement of previously looked after children.

Care leavers

Our Governing Body knows that the local authority has ongoing responsibilities to young people who cease to be looked after and become care leavers.

Designated safeguarding leads will obtain details of the local authority Personal Advisor appointed to guide
and support the care leaver and should liaise with them as necessary regarding any issues of concern
affecting the care leaver.

Children with Special Educational Needs and Disabilities

Our governors know that children with special educational needs and disabilities may face additional safeguarding challenges

- Our safeguarding/child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in children with special educational needs and disabilities. This can include:
- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Being more prone to peer group isolation than other children;
- Children with SEN and disabilities can be disproportionally impacted by things like bullying- without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers.

To address these additional challenges our school/college will consider extra pastoral support for these children when necessary.

The use of 'reasonable force' in schools and colleges

Our Governing Board know and understand there are circumstances when it is appropriate for our staff to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom.

Our school does not adopt a 'no contact' policy, we have a policy which allows and supports our staff to make appropriate physical contact that enables staff to fully support and protect our children. The decision on whether or not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned and will always depend on individual circumstances.

When using reasonable force in response to risks presented by incidents involving children with SEN or disabilities or with medical conditions, our school will consider the risks carefully and recognise the additional vulnerability of these groups. We will also consider out duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and our Public Sector Equality Duty. By planning positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents and carers, our school can reduce the occurrence of challenging behaviour and the need to use reasonable force.

Roles and Responsibilities

Designated and deputy safeguarding lead/s (KCSiE ANNEX B)

Our designated safeguarding lead is Mrs Sarah Lea

Our deputy safeguarding lead/s are Mr R Seager (Deputy Headteacher), Mrs A Shackleton, Mr R Mitchell, Mrs K Mann (Assistant Headteachers) and Mrs D DiFranco (Pastoral)

Mrs S Sharma and Miss R Cotterill (members of our Pastoral team) are also trained, and will take on delegated casework.

Our Governing Board will ensure that a senior member of staff from the leadership team is appointed to the role of designated safeguarding lead. The designated safeguarding lead will take lead responsibility for safeguarding and child protection including online safety. Their responsibilities will be explicit in the role holder's job description.

Our Governing Board will determine whether to appoint additional deputy designated safeguarding leads, they will be trained to the same level as the designated safeguarding lead and their responsibilities will be explicit in their job description.

Our designated safeguarding lead may delegate safeguarding activities to the deputy safeguarding lead however the designated safeguarding lead will retain the lead responsibility for child protection and safeguarding. This responsibility will not be delegated.

At Jesson's CE Primary School the designated lead, in line with Keeping children safe in education, is expected to:

Manage referrals:

- Refer cases of suspected abuse to the local authority children's social care as required;
- Support staff who make referrals to local authority children's social care;
- Refer cases to the Channel programme where there is a radicalisation concern as required;
- Support staff who make referrals to the Channel programme;
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- Refer cases where a crime may have been committed to the Police as required.

Work with others:

- Liaise with the Headteacher to inform him or her of issues especially on-going enquiries under section 47 of the Children Act 1989 and police investigations;
- Act as a point of contact with the three safeguarding partners;
- As required, liaise with the "case manager" (as per Part four) and the designated officer(s) at the local authority for child protection concerns in cases which concern a staff member;
- Liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs or the named person with oversight for SEN in a college and Senior Mental Health Leads) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies; and
- Act as a source of support, advice and expertise for all staff.

Undertake training:

- Undergo training to provide them with the knowledge and skills required to carry out the role. This training will be updated at least every two years.
- The designated safeguarding lead will undertake Prevent awareness training.
- Training should provide designated safeguarding leads with a good understanding of their own role, and the processes, procedures and responsibilities of other agencies, particularly children's social care.
- In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they;
- Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so:
- Ensure each member of staff has access to and understands the school's child protection policy and procedures, especially new and part time staff;
- Are alert to the specific needs of children in need, those with special educational needs and young carers;
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation.
- Understand the importance of information sharing, both within the school and college, and with the three safeguarding partners, other agencies, organisations and practitioners.
- Keep detailed, accurate, secure written records of concerns and referrals.
- Understand and support the school with regards to the requirements of the Prevent duty and can provide advice and support to staff on protecting children from the risk of radicalisation.
- Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school.

- Recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from
 online bullying, grooming and radicalisation and are confident they have the capability to support SEND
 children to stay safe online.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raise Awareness:

- Ensure the school's child protection policies are known, understood and used appropriately;
- Ensure the school's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- Ensure the child protection policy is available publicly and parents know referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with the safeguarding partner arrangements to make sure staff are aware of training opportunities and the latest local policies on local safeguarding arrangements.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child
 protection issues that children, including children with a social worker, are experiencing, or have
 experienced, with teachers and school leadership staff. Their role could include ensuring that the school and
 their staff, know who these children are, understand their academic progress and attainment and maintain a
 culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in
 this group might face and the additional academic support and adjustments that they could make to best
 support these children.

Child Protection File:

• Ensure a child's protection file is transferred to the new school as soon as possible. This will be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt will be obtained. Our school will ensure key staff such as the designated safeguarding lead, deputies and the SENCO are aware of any child with a safeguarding concern.

Availability:

- School's normal hours when fully staffed are 08.30 when administrative staff start work to 4.30 p.m. when they finish. We often are available at other times so it is worth making contact. Out of hours, immediate safeguarding concerns should be referred to the police or out of hours Social Services (see telephone number above). Less urgent issues, as soon as possible the next working day.
- The designated safeguarding lead or deputy will be available (during school hours) for staff in the school to
 discuss any safeguarding concerns. Whilst our designated safeguarding lead (or deputy) will be available in
 person, there may be occasions, in exceptional circumstance when this is not possible however they may be
 available via e-mail, phone and or Skype or other such mediums. To contact the DSL via email –
 SLea1@jessons.dudley.sch.uk or info@jessons.dudley.sch.uk
- Our policy applies to any out of hours or out of term time activities run by school staff. Contact details will be given for residential visits.
- Email is a good way of contacting the school for non-urgent safeguarding matters and will be read when staff return to work.

The DSL and/or HT will complete a Safeguarding Report for Governors at least annually.

Roles and Responsibilities - All staff

The Teacher Standards (2012) state that teachers, including Headteachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. We extend this level of duty to include all the staff and volunteers who work at Jesson's CE Primary School.

All staff are given part one of Keeping Children Safe in Education together with Annexe A, all staff receive annual safeguarding training and regular safeguarding updates throughout the course of the year. Staff confirm that they have received, read and understood our school's safeguarding policies and procedures and that they have attended safeguarding training.

- All staff have a responsibility to provide a safe environment in which children can learn;
- All staff have a responsibility to identify children who may benefit from early help or who are suffering, or are likely to suffer, significant harm;
- Any staff member who has a concern about a child must follow the referral process;
- All staff have a responsibility to take appropriate action, our staff will be expected to support social care and other agencies following referrals;
- In addition to working with the designated safeguarding lead or deputy designated safeguarding lead, staff members should be aware that they may be asked to support social workers and other agencies to take decisions about individual children;
- During induction, all staff members will be made aware of the systems within our school which support
 safeguarding systems, and these will be explained to them as part of their induction. This includes: the
 safeguarding and child protection policy; the staff behaviour policy/code of conduct; the school behaviour
 policy, Keeping Children Safe in Education part 1, Annex A, Annex B- the role of the designated
 safeguarding lead and the names of the designated safeguarding lead and deputies. (Please refer to our
 Induction policy and procedures);
- All staff members will receive appropriate safeguarding/child protection updates regularly, but at least annually;
- All staff will be made aware of the local early help process and understand their role in it;
- All staff will be made aware of the process for making referrals to children's social care and for statutory
 assessments, especially children in need (section 17) and a child suffering, or likely to suffer, significant harm
 (Section 47) that may follow a referral along with the role that they may be expected to play in such
 assessments;
- All staff will be made aware of what to do if a child discloses that he/she is being abused or neglected;
- All staff members will be made aware of the types and signs of abuse and neglect so that they can identify
 cases of children who may need help or protection;
- Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child and always speak to the designated safeguarding lead or deputy immediately;
- All staff should be aware of the seven golden rules for sharing information, if in any doubt about sharing
 information, staff should speak to the designated safeguarding lead or a deputy. Fears about sharing
 information must not be allowed to stand in the way of the need to promote the welfare, and protect the
 safety, of children;
- Staff should ensure that if a child has made a disclosure, they are aware that the information will only be shared with the designated safeguarding lead and children's social care. staff should never promise a child that they will not tell anyone about a report of abuse;
- Our staff will be alert to the potential need for any child who: is disabled and has specific needs; has special
 educational needs; is a young carer; is showing signs of being drawn into anti-social behaviour including
 gangs and organised crime; frequently goes missing from care or home, is misusing drugs or alcohol
 themselves; is at risk of modern slavery, trafficking or exploitation; is in a family circumstance presenting
 challenges for the child; has returned home to their family from care; is showing early signs of abuse and/or
 neglect; is at risk of being radicalised or exploited and is a privately fostered child.
- All staff should speak to the designated safeguarding lead with regards to any concerns about female genital mutilation. Our teachers know that there is a legal duty placed upon, teachers must report to the police if

- they discover that an act of female genital mutilation appears to have been carried out on a girl under the age of 18;
- If staff have concerns, or an allegation is made about another member of staff (including volunteers) posing a risk of harm to children, then the concern should be referred to the headteacher. If the concern is about the headteacher, the member of staff should report this to the Chair of Governors. Our staff will comply with the guidelines in part four of Keeping children safe in education;
- All staff and volunteers should raise concerns about poor or unsafe practice and potential failures in our school's safeguarding regime. Staff should follow the school's whistleblowing policy and procedures or contact the NSPCC whistleblowing helpline.

Supply staff, volunteers, work experience and students:

The designated safeguarding lead and/or the Headteacher will explain the responsibility of reporting any concerns about children's safety and welfare to the designated safeguarding lead or deputies. Further, they will be briefed on the school's confidentiality policy and the code of conduct that we expect from all in our school. Therefore, supply staff, volunteers and students have the responsibility to:

- Work within the school's code of conduct, KCSiE, safeguarding/child protection policy, acceptable use of technology policy and confidentiality/information sharing expectations; and
- Immediately share any concerns about a child's welfare with the designated safeguarding lead or deputy.
- It will be explicitly explained about the need for strict confidentiality not sharing information without asking permission, inappropriate use of social media, how people will try to trick you into disclosing information and how important it is not to discuss things with family or close friends (who may then spread information more widely).

Parental Responsibilities

At Jesson's CE Primary School we encourage parents to share any concerns regarding their own children or any other child/children who they feel may be at risk of harm. All concerns will be explored in a sensitive and timely manner. However, there should not be an expectation that we will feed back on how the case has progressed as this is often confidential information. All the school will say is that appropriate information has been shared with the correct authority and that the school has fulfilled its safeguarding duties, if the person referring further questions the school's actions. If the person is still concerned and suspects that nothing has been done or what has been done is ineffective they can re-refer or contact the Chair of Governors who will find out who can check up on the case.

- Parents/carers should ensure their child attends school and that they arrive on time and are collected on time
- We expect parents/carers to notify us of any changes in family circumstances and inform us of any changes
 of address and contact numbers and where reasonably possible to provide more than one emergency
 contact number.
- We expect children to eat a healthy breakfast and that arrangements are made for them to have a packed lunch or school meal.
- Parents/carers should not approach children about behaviour or remonstrate with them. These approaches
 are often ill informed and can be deemed aggressive against the child. Discipline is the job of the school who
 will work in conjunction with both families. We also ask that people do not discuss private matters regarding
 children (including their own child) on social media.
- We expect to be informed if a child is not attending school or an after school club.
- We recommend that children do not have access to computers or 'phones after bed time, because this is when children surreptitiously message other children inappropriately. We also recommend that any communication devices are in public rooms not private areas such as bedrooms and adults periodically check on their children's online activity.
- We ask that children do not witness domestic violence or access inappropriate content including violence or sexual images or language. These may be deemed a child protection matter and could be reported to social care for investigation.

Children's Responsibilities

We expect children to follow our rules.

In our school, we respect our children. The atmosphere within our school is one that encourages all children to do their best and to talk freely about any concerns or worries. We provide opportunities that enable our children to take and make decisions for themselves. Children will always be taken seriously and listened to if they seek help from a member of staff. Our school encourages all pupils to share any worries or concerns with any adult in the school at any time.

6. Confidentiality and Information sharing

Our school adopts the principles outlined in the DfE Information sharing guidance (July 2018)

We recognise that all matters relating to child protection are confidential. The headteacher or designated safeguarding lead and deputies will disclose any information about a child to other members of staff on a need to know basis only. All staff must be aware that they have a professional responsibility to share information with other statutory agencies in order to safeguard children.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. If a child wishes to confide in a member of staff/supply staff/volunteer and requests that the information is kept secret, the member of staff/supply staff/volunteer will tell the child, in an appropriate manner to the individual needs of the child, that they cannot promise confidentiality and will need to pass the information on to help keep the child or other children safe. All information and data are stored securely, and any information or data is shared on a need to know basis.

The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information should not be allowed to stand in the way of the need to promote the safety of the children.

7. Communication with Parents

Our school will always discuss concerns with parents/carers and consent for any referrals should be sought unless to do so would:

- Place the child at risk of significant harm or further risk of significant harm;
- Place a vulnerable adult at risk of harm; and
- Compromise any enquiries that need to be undertaken by children's social care or the police.

The school will endeavour to ensure that parents have an understanding of the responsibilities placed on the school and staff to safeguard children.

In the best interests of safeguarding children, there may be occasions when the school may consult with other agencies without a parent's or carer's prior knowledge. Our first concern and responsibility are the child's welfare and we have a duty to protect children first and always. Such consultation may result in a formal referral which could prompt visits from social care and/or the police. We fully understand that this can be a very distressing set of circumstances. Our school will follow the procedures required by the Multi-agency partnership arrangements

The visit may take place at the school at the request of the police or social care. In the event of the meeting being held at school, parents/carers will be asked by the school to remain on the school premises until such time that the police or social care can attend. If parents/carers choose to leave school premises with their child, the school will contact the police or social care to inform them of the parent's/carer's decision.

Our school will employ the services of an interpreter if required.

8. Advice for all staff, supply staff and volunteers - What to do if a child discloses

All staff at Jesson's CE Primary School will also refer to 'What to do if you are worried a child is being abused' DfE March 2015

DO's

- Keep an open mind;
- Reassure;
- Listen carefully;
- Work at the child's pace;
- Where appropriate, ask only open questions in a non-leading way clarifying the facts, don't interrogate;
- Explain your actions;
- Record accurately and quickly using child's words/action;
- Pass all the information on to the DSL, or the deputy DSL immediately/soon as possible or the same day;
- At all times, keep children and young people safe;
- Treat everyone with respect;
- Create an environment in which people feel comfortable in pointing out attitudes and behaviours they don't like:
- Report all inappropriate and/or abusive activities, including ridicule or bullying;
- Familiarise yourself with the school's code of conduct, and other related policies;
- Demonstrate positive behaviours you wish others to follow;
- Treat all health and safety concerns as emergencies and report them immediately;
- Follow the school's procedures for reporting safeguarding and welfare concerns;
- Follow the school's procedures for reporting all allegations against staff, carers and volunteers; and
- Look after yourself ask for support.

DON'Ts

- Make false promises;
- Interrupt/Interrogate/Investigate;
- Assume e.g. this child tells lies/good imagination;
- Make suggestions about what is being said;
- Speculate or accuse anyone;
- Show anger, shock etc.
- Tell the child to go and speak to someone else;
- Discuss with parent/carers without speaking to the DSL, or their deputy;
- Forget to record accurately and/or pass on to DSL, or the deputy
- Discuss with any other staff before speaking to DSL, or deputy;
- Leave any related written information laying around;
- Jump to conclusions about people's behaviour without knowing the facts;
- Investigate an allegation of child protection concern yourself;
- Make suggestive (what could be seen as suggestive) remarks or gestures, tell jokes of a sexual nature or engage in inappropriate verbal banter with or in front of children and/or young people;
- Create 'intense' personal relationships with a child/young person/s;
- Give any personal details about yourself or others, to a child/young person, unless this has been agreed with a senior member of staff for a specific reason;
- Allow children/young people to have access to your personal activities, including social networking sites;
- Have inappropriate physical contact with children/young people, this includes whilst playing games;
- Engage in any sexual activity (even consensual) with a child/young person under the age of 18 years who is attending any educational establishment;
- Intimidate, threaten, coerce or undermine others; and
- Believe that safeguarding matters are someone else's business and responsibility it is... and it's also yours.

9. Jesson's CE Primary School recording and reporting concerns and disclosures procedures

Recording and reporting concerns and disclosures procedures

All safeguarding concerns should be discussed immediately with the DSL or where that is not possible, within half an hour (immediately without any delay if it approaching the end of the school day and there is immediate risk of harm). If the DSL is unavailable speak to one of the Deputy DSL's. They will advise whether a concern online or paper log should be completed. Disclosure notes forms can be scanned and attached. Any form may be used in any court case and should be verbatim where possible, so NO leading questions should be asked. If there is physical injury a body map can be accessed on CPOMS to record these and will be automatically added to the file.

If this is an ongoing case with no immediate risk of harm it should be discussed with the DSL (or Deputies) within 3 hours of disclosure e.g. at the end of a teaching session, but should not be left beyond 3.15 p.m.

Verbatim notes should be hand written during the disclosure, or shortly afterwards, and that document scanned and added to the Pastoral Files (do not re-write it, as a court will value the initial disclosure record more).

If a child is known to be about to disclose or asks to disclose, it is good practice for two people to be present and one record while the other listens.

All concerns however minor, should be entered factually onto CPOMS and the DSL told that it has been entered. It is good practice to record concerns that you may not have enough evidence to warrant a referral to social care or other agencies, because cumulative concerns from different people is often significant. All urgent "notifications" will be read immediately by the DSL's who will liaise with the member of staff about action required.

The DSL or Deputies will decide what to do and a typical response is to:-

Discuss the issue with the Multi Agency Support Hub (DUDLEY CHILDRENS FRONT DOOR) and refer to the principles in the "Threshold" document to see if it reaches safeguarding criteria. The team to be contacted depends on the local authority in which the child is resident and could be Staffordshire, Shropshire, Walsall, Wolverhampton not just Dudley. The referrer will need the date of birth child's full name and address (past addresses often help identification because DUDLEY CHILDRENS FRONT DOOR do not hold up to date address records of families) to discuss the issue. DUDLEY CHILDRENS FRONT DOOR often check records to see if there are previous concerns. Advice will be given on whether to fill in a formal Multi Agency Referral Form (if in doubt and even if DUDLEY CHILDRENS FRONT DOOR disagree it is warranted – it will be filled in and sent because officers answering the telephone are not always social workers).

10. Making a referral to children's social care-points to be considered

Child Protection Procedures

Upon receipt of a concern notification the designated safeguarding lead or deputy will decide and seek advice to determine whether the concern/disclosure meets a threshold for support.

The designated safeguarding lead or deputy will consider:

Is this a child with unmet needs where health, development or achievement may be affected? Dudley Children's Service says practitioners may form a Team around the Family/Child (TAF/TAC) and complete an Early Help Assessment (EHA) when:

- Age appropriate progress is not being made and the causes are unclear; or
- The support of more than one agency is needed to meet the child or young person's needs.

If this is a child with additional needs the designated safeguarding lead or deputy will discuss the issues with the child's parents/carers. The designated safeguarding lead or deputy will obtain parental consent for an Early Help Assessment to be completed.

Is this a child in need?

Section 17 of the Children Act 1989 says:

- The child is unlikely to achieve or maintain, or to have opportunity to achieve or maintain a reasonable standard of health or development;
- The child's health or development is likely to be impaired, or further impaired without the provision of such services; and
- The child has a disability.

Is this a Child Protection matter?

Section 47 of the Children Act 1989 says:

- Children at risk or who are suffering significant harm;
- Children suffering the effects of significant harm; and
- Serious health problems.

All concerns, child with unmet needs, Child in Need and Child Protection matters, MUST be discussed with the designated safeguarding lead or deputy and will need to be assessed and referred using the correct channels by the school as soon as possible. It is important to recognise anybody can make a referral where they believe a child to be in imminent danger or at risk of harm

Where a case reaches the 'significant harm' threshold that justifies statutory intervention into family life, a professional making a child protection referral under Section 47 must therefore provide information which clearly outlines that a child is suffering or likely to suffer significant harm.

It is not possible to rely on one absolute criterion when judging what constitutes significant harm. Consideration of the severity of ill-treatment may include the extent of the harm suffered, the context within which it occurred and its duration.

Significant harm may also arise from a combination of significant events which are both acute and long standing and which impair the child's physical, psychological and social development. To both understand and establish significant harm, it is necessary to consider the family context, together with the child's development within their wider social and cultural environment. It is also necessary to consider any special needs, e.g. medical condition, communication difficulties or disability that may affect the child's development and care within the family. The nature of harm, in terms of ill-treatment of failure to provide adequate care also needs consideration alongside the impact on the child's health and development and the adequacy of care provided.

Making a referral

If, a child is in immediate danger or is at risk of harm a referral should be made to children's social care and /or the police immediately.

Anybody can make a referral. Although, where a child is registered at school, consultation must take place with the school's designated safeguarding lead or deputy, who will often be the most appropriate people to initiate any referral. An electronic record of the concerns should be made using CPOMS. This should be used to aid in the decision-making process if a referral is needed to the DUDLEY CHILDRENS FRONT DOOR.

For referrals to the DUDLEY CHILDRENS FRONT DOOR - phone 0300 555 0050 and speak to a social worker. Any action will need to be followed up with a written confirmation on the Dudley Multi Agency Referral Form and emailed to DUDLEY CHILDRENS FRONT DOOR_Referrals@dudley.gov.uk. Out of hours number 0300 555 8574 or in an emergency call 999:

Details that will be needed to complete on MARF form

- Details of the child's name, DOB, class etc.
- Address, contact numbers
- Parent/carers names and contact numbers
- Siblings (different names?)
- All details of the concerns/behaviour/incident/disclosure
- Child's and adults own words (verbatim)
- What the adults listening concluded from what was said
- Factual and accurate information
- Date and time of recording
- Who the incident/disclosure was made to
- Any other witnesses
- Use full names and titles/roles
- To whom the concern was reported to and time DSL notified
- Chronology of actions date, place, who and what
- Signature and date of person recording the incident
- Print off of the form before the document is closed down as this cannot be retrieved afterwards

Referral Pathway into Exploitation Hub: CS.Hub@dudley.gov.uk

Head of service Andrew Griffiths

Please use the Contextual Safeguarding screening tool

Contextual Safeguarding Screeni

To escalate a concern from making a referral please use the Dudley Resolution and Escalation Protocol.

11. Voice of the child – (children's wishes)

Children's wishes and feelings are taken into account if appropriate when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback. Staff members do not promise confidentiality and always act in the best interests of the child.

12. Record Keeping

- We will hold records in line with our records retention schedule.
- All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.
- Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.
- Safeguarding records relating to individual children will be retained for a reasonable period after they have left the school.
- If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their safeguarding & child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information (using the pupil safeguarding form) to enable them to have time to make any necessary preparations to ensure the safety of the child.
- If a child arrives at our school with a child protection file we will ensure key staff such as designated safeguarding leads, designated teacher and SENCOs, are aware as required.
- In addition to the child protection file, our designated safeguarding lead will also consider if it would be
 appropriate to share any information with the new school or college in advance of a child leaving. For
 example, information that would allow the new school or college to continue supporting victims of abuse
 and have that support in place for when the child arrives.

If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm or is in immediate danger) Figure 1 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the Senior Leadership Team and/or take advice from Local Authority Children's Social Care. Referrals should be made by completing a Multi-Agency Referral Form (or MARF) and returning it to DUDLEY CHILDRENS FRONT DOOR Referrals@dudley.gov.uk or contact 0300 555 0050.

To refer into Dudley Exploitation hub (DEx): <u>CS.Hub@dudley.gov.uk</u> and also complete a MARF. Head of DEx Service: Lorna Nolan

Make a referral to Local Authority Children's Social Care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Referral

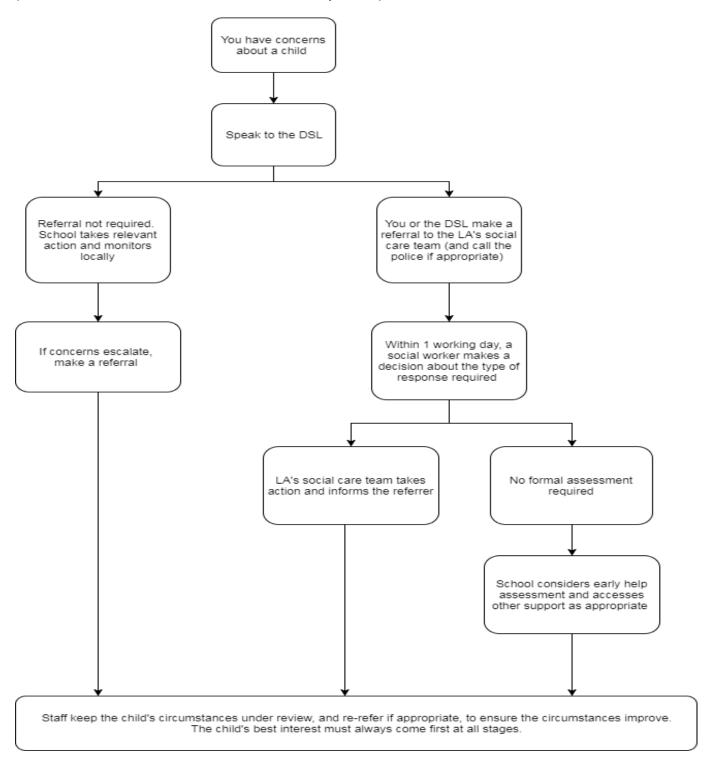

If it is appropriate to refer the case to Local Authority Children's Social Care or the Police, the DSL will make the referral or support you to do so. If you make a referral directly you must tell the DSL as soon as possible.

The Local Authority will decide within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the Local Authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action.)

13. Named Designated Person for Children in Care (CIC)

Our designated teacher for Children in Care and previous Children in Care is Mrs A Smith (SENCO).

Our designated teacher will undertake any relevant training to update their skills, understanding and knowledge to enable them to keep our Children in Care and previous Children in Care. Our designated teacher will promote the educational, physical, social and emotional welfare of children who are looked after and previously looked after children.

Previously looked after children are children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

Our designated teacher will ensure:

- They are aware of the legal status (interim care order, full care order, voluntary arrangements of any looked after child at Jesson's CE Primary School;
- They obtain information regarding, contact arrangements with birth parents or those with parental responsibility;
- They obtain information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him or her;
- They obtain the name of the child's social worker;
- They obtain the name and contact details of the virtual head in the local authority that looks after the child; and
- They liaise with the virtual school headteacher to discuss how the funding for that child can be best used to support the child's need outlined in the personal education plan.

Named virtual Head in Dudley – Andrew Wright – Andrew.Wright@dudley.gov.uk

14. Care leavers

Local authorities have on-going responsibilities to young people who cease to be looked after and become care leavers. That includes keeping in touch with them, preparing an assessment of their needs and appointing a personal advisor who develops a pathway plan with the young person. This plan describes how the local authority will support the care leaver to participate in education or training. Our designated safeguarding lead or deputy should be given details of the local authority personal advisor appointed to guide and support the care leaver, our designated safeguarding lead or deputy will liaise with the personal advisor as necessary regarding any issues of concern affecting the care leaver.

15. Children with special educational needs and disabilities

At Jesson's CE Primary School we are aware that children with special educational needs and disabilities may face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionally impacted by things like bullying- without outwardly showing any signs;
- being more prone to peer group isolation than other children; and
- Communication barriers and difficulties in overcoming these barriers.

We will ensure we have appropriate mechanisms in place to assist these children such as:

- Suitably qualified professionals (Inclusion manger and send lead)
- Effective training
- Referrals to specialist agencies
- Use of communication packages
- Use of signs and symbols
- One to one support for communication
- Appropriate IT aides

16. Safeguarding Training

Induction

All staff members will undergo safeguarding and child protection training at induction. The training will be regularly updated. Induction and training provided will be in line with advice from the DSPP (Dudley Safeguarding People Partnership). Upon appointment and starting the new post, new staff, students and volunteers will be issued with an induction pack, safeguarding policy, Keeping Children Safe in Education - Part 1, Annex A and Annex B, Whistleblowing Policy, Management of Allegations Policy, Code of Conduct, Acceptable use of IT policy, the school's behaviour policy, our school's children missing education procedures and other relevant safeguarding information e.g. the name of the designated safeguarding lead and deputies . They will sign to say that they have received it, read and understood it. A meeting will be arranged on appointment to clarify and check understanding and to respond to any questions.

Designated safeguarding lead and deputies

Our designated safeguarding lead (and any deputies) will undergo training to provide them with the knowledge and skills required to carry out the role. This training will be updated at least every two years.

Our designated safeguarding lead and deputies will undertake Prevent awareness training. In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands our school's child protection policy and procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the General Data Protection Regulation.
- understand the importance of information sharing, both within the school and college, and with the three safeguarding partners, other agencies, organisations and practitioners.
- can keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support our school with regards to the requirements of the Prevent duty and can provide advice and support to staff on protecting children from the risk of radicalisation;
- can understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;

- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

Staff Training

All staff members will receive regular safeguarding and child protection updates including online safety (for example, via email, e-bulletins, staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Our Governing Body recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity will therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.

Governor Training

All governors are invited and encouraged to attend safeguarding training.

Safer Recruitment Training

Our school will ensure that at least one member of any recruitment panel has received safer recruitment training.

17. Safer working practices

Our school has a code of conduct; all staff, supply staff and volunteers are issued with this at induction.

You should seek to keep your personal contact with children under review and seek to minimise the risk of any situation arising in which misunderstandings can occur. The following sensible precautions can be taken when working alone with children:

- Work in a room where there is a glass panel in the door or leave the door open;
- Make sure that other adults visit the room occasionally;
- Avoid working in isolation with children unless thought has been given to safeguarding;
- Must not give out personal mobile phone numbers or private e-mail addresses;
- Must not give pupils lifts home in your cars;
- Must not arrange to meet them outside of school hours; and
- Must not chat to pupils on the social websites.

Under the Sexual Offences Act 2003 it is a criminal offence for anyone working in an education setting to have a sexual relationship with a pupil even when the pupil is over the age of consent.

Any use of physical force or restraint of pupils will be carried out and documented in accordance with the relevant policy. If it is necessary to use physical action to prevent a child from injury to themselves or others, parents will be informed.

18. Safer recruitment (Please refer to our Safer Recruitment Policy in the appendix for further information)

To create a safe environment for our children our school will adopt the safer recruitment procedures that help deter, reject or identify people who might abuse children, outlined in part 3 of Keeping Children Safe in Education

Our school will ensure that at least one member of any recruitment panel has received safer recruitment training.

Our school adheres to statutory responsibilities to check staff who work with children, making decisions on whether to ask for any checks beyond what is required; and ensuring volunteers are appropriately supervised.

We expect all staff to have a responsibility to maintain public confidence in their ability to safeguard the welfare and best interests of children. They should adopt high standards of personal conduct in order to maintain confidence and respect of the general public and those with whom they work.

There may be times where an individual's actions in their personal life come under scrutiny from the community, the media or public authorities, including with regard to their own children, or children or adults in the community. Staff should be aware that their behaviour, either in or out of the workplace, could compromise their position within the work setting in relation to the protection of children, loss of trust and confidence, or bringing the employer into disrepute. Such behaviour may also result in prohibition from teaching by the Teaching Regulation Agency (TRA) a bar from engaging in regulated activity, or action by another relevant regulatory body.

The Childcare (Disqualification) Regulations 2018 set out grounds for disqualification under the Childcare Act 2006 where the person meets certain criteria set out in the Regulations. For example, an individual will be disqualified where they have committed a relevant offence against a child; been subject to a specified order relating to the care of a child; committed certain serious sexual or physical offences against an adult; been included on the DBS children's barred list; been made subject to a disqualification order by the court; previously been refused registration as a childcare provider or provider or manager of a children's home or had such registration cancelled. A disqualified person is prohibited from providing relevant early or later years childcare as defined in the Childcare Act 2006 or being directly concerned in the management of such childcare.

At Jesson's CE Primary School we understand that schools are also prohibited from employing a disqualified person in respect of relevant early or later year's childcare.

At Jesson's CE Primary School all staff must inform the headteacher during the recruitment process of anything that affects their suitability for employment, including any relevant cautions, convictions or relevant orders that they are aware of, or they may have accrued during their employment, and/or they are charged with a criminal offence that would render them disqualified from working with children.

Any offer of appointment made to a successful candidate, including one who has lived or worked abroad will be conditional on satisfactory completion of the necessary pre-employment checks and satisfactory references. Upon appointment of new staff our school will:

- Verify a candidate's identity;
- Obtain (via the applicant) an enhanced DBS certificate (including barred list information, for those who will be engaging in regulated activity);
- Obtain a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available;
- Verify the candidate's mental and physical fitness to carry out their work responsibilities. A job applicant can be asked relevant questions about disability and health to establish whether they have the physical and mental capacity for the specific role;
- Verify the person's right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, we will follow advice on the GOV.UK website;
- If the person has lived or worked outside the UK, make any further overseas checks the school consider appropriate including the EEA check (THIS MAY NEED TO BE AMENDED UPON BREXIT);
- Verify professional qualifications, as appropriate; we will use The Teacher Services' system to verify any award of qualified teacher status (QTS) and the completion of teacher induction and probation
- Check that a person taking up a management position is not subject to a section 128 direction made by the Secretary of State;
- Check that the candidate is not disqualified under the Childcare Act 2006 (2018 regulations) where relevant
- We will ask at interview whether a person has any relevant civil convictions, binds overs or any actions that may bar them from supervising children (this is not disclosed on a DBS).

Our school understands that it is a criminal offence to allow any individual who is barred to carry out any form of regulated activity. Our school will comply with the legal duty to refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult; where the harm test is satisfied in respect of that individual; where the individual has received a caution or conviction for a relevant offence, or if there is reason to believe

that individual has committed a listed relevant offence; and that individual has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left.

Our school makes decisions about the suitability of any prospective employees based on checks and evidence including; criminal record checks (DBS), barred list checks and prohibition checks together with references and interview information.

Consideration is given to the regulated activity prospective employees will be engaged in. In summary, a person will be considered to be engaging in regulated activity if as a result of their work they:

- Will be responsible, on a regular basis in a school, for teaching, caring for or supervising children;
- Will carry out paid or unsupervised unpaid, work regularly in a school where that work provides an
 opportunity for contact with children; and
- Engage in intimate or personal care or overnight activity, even if this happens only once.

For all other staff who have opportunity for regular contact with children who are not engaging in regulated activity, the school requires an enhanced DBS certificate, which does not include a barred list check.

For anyone appointed to carry out teaching work, an additional check will be undertaken to ensure they are not prohibited from teaching (including directions, sanctions and restrictions).

THE FOLLOWING STATEMENT MAY NEED TO BE AMENDED UPON BREXIT

A European Economic Area (EEA) check will also be completed if required to check for information about any teacher sanction or restriction that an EEA professional regulating authority has imposed.

Our school keeps a Single Central Record that complies with all the requirements. It is monitored by the Headteacher at regular intervals.

The Single Central Record covers the following people:

- all staff (<u>including supply staff</u>, and teacher trainees on salaried routes) who work at the school: in colleges, this means those providing education to children
- Volunteers
- Governors
- Agency, third-party staff and contractors

The following information will be recorded on the Single Central Record:

- An identity check;
- A barred list check;
- An enhanced DBS check/certificate;
- Prohibition, directions, sanctions and restrictions checks;
- A section 128 check
- Further checks on people who have lived or worked outside the UK; this would include an EEA check teacher sanctions and restrictions; (THIS MAY NEED TO BE AMENDED UPON BREXIT)
- A check of professional qualifications; and
- A check to establish the person's right to work in the United Kingdom.
- The date upon which the current and original DBS certificate was seen (applicable for employees appointed after 1/9/16)

Our school will obtain written confirmation that the employment business supplying staff has carried out the relevant checks and obtained the appropriate certificates. Our school will also check that the person presenting themselves for work is the same person on whom the checks have been made (Identity check).

We will obtain written confirmation from alternative providers we use to confirm they have undertaken the relevant pre-employment and DBS checks for their staff.

All applicants MUST show their current original DBS certificate to the school as soon as they take up post.

19. Management of Allegations

Our school has adopted Dudley LA Managing Allegations Policy and has guidance in Appendix 5 for staff.

Our policy complies with the guidance set out in part four of Keeping Children Safe in Education.

All allegations of abuse of children carried out by any staff member or volunteer will be taken seriously. If an allegation is made regarding a member of staff, a supply teacher or volunteer, the following will be considered: Has the member of staff/supply teacher/volunteer;

- Behaved in a way that has harmed a child, or may have harmed a child?
- Possibly committed a criminal offence against or related to a child?
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children?
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children?

If an allegation is made against a member of staff or volunteer, the Headteacher must be informed immediately or as soon as possible within 1 working day and he or she must contact the Designated Officer (LADO) immediately to discuss the allegation to consider the nature, content and context of the allegation and agree a course of action. If our school must consider an allegation against an individual not directly employed by us, where our disciplinary procedures do not fully apply, for example, supply teachers provided by an employment agency or business. Whilst our school is not the employer of supply teachers, we will ensure allegations are dealt with properly. In no circumstances will our school decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome. Our Governing Body will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, whilst they carry out their investigation. Our school will comply with all aspects of the guidance in Part 4 of KCSiE.

If an allegation is made against the Headteacher the member of staff who has the concern must contact the Chair of Governors, who must then contact the Designated Officer (LADO) immediately or as soon as possible within 1 working day to discuss the allegation to consider the nature, content and context of the allegation and agree a course of action.

Our procedures and approach to dealing with allegations will be applied with sensitivity and common sense. Our school will exercise its duty of care to employees, we will act appropriately to manage and minimise the stress inherent in the allegation process. Our school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

At Jesson's CE Primary School we understand that there is a legal requirement for employers to make a referral to the DBS where we think that an individual has engaged in conduct that harmed (or is likely to harm) a child; or if a person otherwise poses a risk of harm to a child. If the accused person resigns, or ceases to provide their services, this will not prevent an allegation being followed up and a referral to the DBS *must* be made, if the criteria are met (outlined in KCSiE September 2023)

The Designated Officer in Dudley is Yvonne Nelson-Brown and Valerie Wilmot 01384 813110 or email allegations@dudley.gov.uk

20. Whistleblowing (Please refer to the Dudley LA Whistleblowing Policy for further information)

All staff, volunteers and parents at Jesson's CE Primary School should feel able to raise concerns about poor or unsafe practice and potential failures in our safeguarding regime and such concerns will be taken seriously by our Headteacher, Governing Body and Senior Leadership Team. Our school has adopted the Dudley LA Whistleblowing Policy and appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, are in place for such concerns to be raised with our Headteacher, Governing Body or Senior Leadership Team.

Where a staff member feels unable to raise an issue with our Headteacher, Governing Body or Senior Leadership Team or feels that their genuine concerns are not being addressed, other whistleblowing channels are open to them, for example:

The NSPCC whistleblowing helpline – What you can do to report abuse is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

21. Curriculum and e-safety

Child safety issues and child protection will be addressed through the curriculum where appropriate, especially through PSHE, Computing and E-Safety, Citizenship, Health and Relationship Education (HRE), Health Education and British values.

We use a variety of resources and approaches to teach the children how to keep themselves safe, build their resilience and manage risks.

The curriculum, in particular, the personal, social and health education development strand of the curriculum, includes an emphasis on relationships (health and relationships education), building confidence and resilience in pupils and in developing preventative strategies to ensure their own protection and that of others. Opportunities are provided for pupils to develop the skills and strategies they need to stay safe from abuse, including age appropriate discussions about healthy relationships, their bodies and being able to say no to requests that they do not want to carry out. Clear advice and guidance are built into the curriculum to ensure that pupils understand that there is a range of contacts they can turn to for advice and support and that they know where and how to report abuse.

Our school teaches the children how to keep themselves safe through:

- Swimming lessons
- Educational Visits including adventurous activities
- PCSO Talks on Bullying, Cyber-bullying, Stranger Danger, Firework and Park Safety
- People Who Help Us Topics
- PSHE/ Assemblies
- RSE and Health Education
- School Nurses
- British Values/ Virtues and Values
- NSPCC assemblies and workshops

Through the school's curriculum the children have the opportunity to go on school visits to enhance their learning. All off site visits are recorded and approved electronically. Parent / carer permission slips and medical forms are collected and kept in the office and the lead member of staff. Risk assessments are completed and filed within the electronic approval system "Evolve".

E-Safety curriculum and computing, use of mobile technology (See separate policies, etc. for further information)

The E-Safety lead is Mr R Mitchell.

The growth of different electronic media in everyday life and an ever-developing variety of devices including PC's, laptops, mobile phones, webcams etc. place an additional risk on our children. Internet chat rooms, discussion forums, social networks and the ability to live stream can all be used as a means of contacting children and young people with a view of grooming them for inappropriate or abusive relationships. The anonymity of the internet allows adults, often pretending to be children, to have conversations with children and in some cases, arrange to meet them.

Access to abusive images is not a 'victimless' act as it has already involved the abuse of children. The internet has become a significant tool in the distribution of indecent photographs of children and should be a concern to all those working with children at our school.

Pupils can engage in or be a target of cyber-bullying using a range of methods including text, sexting and instant messaging to reach their target. Mobile phones are also used to capture violent assaults and inappropriate images or other children for circulation (e.g. happy slapping/sexting).

The best protection is to make children aware of the dangers through age appropriate curriculum teaching particularly computing and IT lessons, PSHE and HRE. However, not all children follow what has been taught and take risks. We co-operate with parent / carers and other agencies if out of school issues are brought to our attention. This can include involving the police or social care and we believe in working together in the best interests of all children.

At Jesson's CE Primary School we: -

- Use Local Authority led filters, firewalls and monitoring to minimise access and to highlight any person or child accessing inappropriate sites or information.
- Encourage pupils to discuss openly their use of technology and anything which makes them feel uncomfortable (if this results in child protection concerns the schools DSL will be informed immediately).
- Teach pupils not give out personal details, phone numbers, schools, home address, computer passwords and other secure information.
- Pupils should adhere to the school policy on mobile phones. We do not allow children to bring mobile
 phones or other communication devices into the school, unless they are in Years 5 and 6 and only with
 written permission from the parents. Phones are then stored in the school office. If they do bring in
 phones and we do not have permission from parents, we will confiscate them and return them to the
 parent / carer at the soonest possible time.
- Staff receive e-safety and online training.

The police will be involved and advice will be sought from CEOP if required if there is any criminal element to misuse of the internet, phones or any other form of electronic media.

Searching, screening and confiscation DFE January 2018 -

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/674416/Searching_screening_and_confiscation.pdf

See also: Teaching Online Safety in schools 2019

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/811796/Teaching_online_safety_in_school.pdf

Use of mobile phones, cameras and other devices

Unauthorised or secret use of a mobile phone or other electronic device, to record voice, pictures or video is forbidden. Unauthorised publishing of such materials on a website which causes distress to the person(s) concerned

will be considered a breach of school/college code of conduct, whether intentional or unintentional. The person responsible for the material will be expected to remove this immediately upon request and appropriate procedures will be followed. Where any crime may have been committed, the police will be informed.

We recognise that many aspects of the curriculum can be enhanced using multi-media and that there are now a wide and growing range of devices on which this can be accomplished. Digital images, video and sound recording are only taken with the permission of participants; images and video are of appropriate activities and are only taken of children wearing appropriate dress. Full names of participants are not used either within the resource itself, within the file-name or in accompanying text online.

All parents & visitors are asked not to use mobile phones when visiting our school and to take any calls or texts outside of the building. All staff must be vigilant and remind any parents/visitors who forget.

We ask all parents/carers to sign an agreement about taking and publishing photographs and video of their children and this list is checked whenever an activity is being photographed or filmed.

For their own protection staff or other visitors to school never use a personal device (mobile phone, digital camera or digital video recorder, etc.) to take photographs or audio of pupils.

School mobile phones or similar devices with communications facilities used for curriculum activities are set up appropriately for the activity. Pupils are taught to use them responsibly.

Staff may bring their mobile telephones into school, but must only use them in the staff room or office areas and they must be left out of sight of children. Each block has a landline telephone in case of an emergency.

22. Contextual safeguarding

At Jesson's CE Primary School we know that safeguarding incidents and/or behaviours can be associated with factors outside our school and/or can occur between children outside our school. All staff, but especially the designated safeguarding lead (or deputy) will consider the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children will consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Our DSL/deputy DSLs will consider whether children are at risk of abuse or exploitation in situations outside their families. Extrafamilial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

Children's social care assessments should consider such factors, so our school will provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse.

23. Types and signs of abuse

All staff and volunteers are familiar with the types and signs of abuse, they are aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

All staff are expected to be vigilant at all times, taking account of the following:

<u>Abuse:</u> a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

<u>Physical abuse:</u> a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Some signs:

- Bruising of various ages
- Bite marks
- Burns and scalds
- Fractures in non-mobile children
- Injuries in unusual areas or with well defined edges
- Old injuries or scars
- Refusal to discuss injuries
- Inconsistent explanations
- Talk of punishment which seems excessive
- · Arms and legs kept covered in hot weather
- Reluctance to remove clothing for PE or swimming

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Some signs:

- Physical, mental or emotional development delay
- Abnormal attachment to parents/carer
- Low self-esteem
- Lack of confidence
- Over-reaction to making mistakes
- Fear of new situations
- Fear of parents being contacted
- Self-harm

<u>Sexual abuse:</u> involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Some signs:

- Aggression
- Withdrawn
- · Self-harming, including eating disorders
- Distrust of familiar adult
- Wetting or soiling day and night
- Fear of undressing for sport or swimming

- Sleep disturbances or nightmares
- Apparent secrecy about social activities or special friends
- Inappropriate sexualized conduct
- Drawings of sexual behaviours
- Sexually explicit behaviour

<u>Neglect</u>: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Parents/carers should:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

Some signs these are not being met:

- Neglect of or unresponsiveness to a child's basic emotional needs
- Under weight for age
- Hungry
- Tired
- Poor state of clothing for the child's size, weather or time of year
- Persistently dirty with a body odour
- Frequent lateness or non-attendance
- Compulsive stealing or scavenging
- Poor health and untreated medical problems
- Lack of immunisations
- Frequently missed medical appointments

The list of signs is not an exhaustive list.

If staff recognise any of these signs they should not presume that the child is being abused but MUST report their concerns to the designated safeguarding lead or the deputy designated safeguarding lead immediately.

Specific safeguarding issues

24. Mental Health

All staff at Jesson's CE Primary School are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Our staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Our staff are aware of how these children's experiences can impact on their mental health, behaviour and education.

If any staff member has a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following our child protection policy and they will speak to the designated safeguarding lead or a deputy immediately. Please see below link to: Mental Health & Behaviours in School (November 2018)

25. Children Missing from Education

All children, regardless of their circumstances, are entitled to a full-time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Effective information sharing between parents, settings, schools/colleges and the local authority is critical to ensure that all children are safe and receiving suitable education.

Staff at Jesson's CE Primary School are aware that a child going missing from education, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of children going missing in future.

When a child goes missing, we ensure that we follow correct procedures via a flow chart created by the DSL.

Our staff are aware of and adhere to the school's procedures for unauthorised absence and children missing from education.

Our school has appropriate safeguarding policies, procedures and responses for children who go missing from education.

Our school has an admission register and an attendance register. All children are placed on these registers at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend our school. If the child fails to attend on the agreed or notified date, our school will notify the local authority at the earliest possible opportunity to prevent the child from going missing.

Our attendance and admission registers are kept up to date. We actively encourage our parents and carers to inform us of any changes whenever they occur.

Our school monitors attendance regularly and we address any issues that may cause concern and where attendance fails to meet the expected level.

Our school will notify the local authority of any child who fails to attend school regularly or has been absent without the school's permission for a continuous period of 10 school days or, more at such intervals as are agreed by the school and the local authority.

Where a parent notifies our school that a pupil will live at another address, our school will record in the admission register:

- the full name of the parent with whom the pupil will live
- the new address
- the date from when it is expected the pupil will live at this address

Where a parent of a pupil notifies our school that the pupil is registered at another school or will be attending a different school in future, our school will record in the admission register:

- the name of the new school
- the date on which the pupil first attended or is due to start attending that school

Our school will notify the local authority within five days when a pupil's name is added to the admission register. We will provide the local authority with all the information held within the admission register about the pupil.

Our school will also notify the local authority when a pupil's name is to be deleted from the admission register under any of the fifteen grounds set out in the Education (Pupil Registration) (England) Regulations 2006 as amended, as soon as the ground for deletion is met and no later than the time at which the pupil's name is deleted from the register.

Our school will only delete a pupil's name from the admission register under regulation 8(1), sub-paragraph (f)(iii) or (h)(iii) if our school and the local authority have failed to establish the pupil's whereabouts after jointly making reasonable enquiries.

When our school notifies the local authority that a pupil's name is to be deleted from the admission register, our school will provide the local authority with:

- the full name of the pupil;
- the full name and address of any parent with whom the pupil lives;
- at least one telephone number of the parent with whom the pupil lives;
- the full name and address of the parent with whom the pupil is going to live, and the date the pupil is expected to start living there, if applicable;
- the name of pupil's destination school and the pupil's expected start date there, if applicable; and
- the ground in regulation 8 under which the pupil's name is to be deleted from the admission register.

Our school will work with the local authority to agree on methods of making returns. When making returns, we will highlight to the local authority where we have been unable to obtain the necessary information from the parent, for example in cases where the child's destination school or address is unknown. We will also consider whether it is appropriate to highlight any contextual information of a vulnerable child who is missing education, such as any safeguarding concerns.

It is essential that schools comply with these duties, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education, follow up with any child who might be at risk of not receiving an education and who might be at risk of being harmed, exploited or radicalised.

Our school uses the secure internet system DfE School2School (collect) to transfer pupil information to another school when the child moves.

As a maintained school, we are required, when a pupil ceases to be registered at our school and becomes a registered pupil at another school in England or Wales, to send a Common Transfer File (CTF) to the new school. Our school complies with this requirement. If a private school receives a pupil and is not part of this system we will hand deliver records or send by recorded delivery.

If a child arrives at our school and the previous school is unknown, we will contact the local authority for assistance.

26. Private Fostering Arrangements

A private fostering arrangement is one that is made privately (without the involvement of the local authority) for the care of a child under the age of 16 years (under 18 if disabled) who is cared for by someone who is not their parent or a 'close relative'. This is a private arrangement made between a parent and a carer; for 28 days or more. Close

relatives are defined as step parents, grandparents, brothers, sisters, uncles or aunts, (whether of full blood, half blood, or marriage/ affinity).

School staff will notify the designated safeguarding lead or deputy when they become aware of private fostering arrangements. The designated safeguarding lead or deputy will speak to the family of the child involved to check that they are aware of their duty to inform the LA. Our school is aware that we need to report any private fostering arrangements that we become aware of to the Local Authority.

On admission to the school, we will take steps to verify the relationship of the adults to the child who is being registered and where reasonably possible we will obtain more than one emergency contact number.

27. Sexting (Youth Produced Sexual Imagery)

At Jesson's CE Primary School we know and understand that sharing photos and videos online is part of daily life for many children, enabling them to share their experiences, connect with friends and record their lives. Photos and videos can be shared as text messages, email, posted on social media or increasingly via mobile messaging apps, such as, Snapchat, WhatsApp or Facebook Messenger, etc.

The increase in the speed and ease of sharing imagery has brought concerns about children producing and sharing sexual imagery of themselves. This can expose them to risks, particularly if the imagery is shared further, including embarrassment, bullying and increased vulnerability to sexual exploitation.

Although the production of such imagery will likely take place outside of our school, these issues often manifest in schools and organisations working with children and young people. Our school will respond swiftly and confidently to ensure that children are safeguarded, supported and educated.

Producing and sharing sexual images of under-18s is also illegal.

Our school will deal with all incidents of youth produced sexual imagery as a safeguarding concern. We will be guided by the principle of proportionality and our primary concern will be the welfare and protection of the children involved. Our school may respond to incidents without involving the police in accordance with the guidelines set out in the UKCCIS- Sexting in schools and colleges: responding to incidents and safeguarding young people.

Our school will adopt the recommended procedures regarding the law and handling incidents outlined in UKCCIS-Sexting in schools and colleges: responding to incidents and safeguarding young people and DfE guidance.

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- > View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- > Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- > Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- > Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- > Whether there is an immediate risk to pupil(s)
- > If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- > What further information is required to decide on the best response
- > Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- > Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- > If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- > The incident involves an adult
- > There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- > What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- > The imagery involves sexual acts and any pupil in the imagery is under 13
- > The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage, a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through local neighbourhood police, dialing 101.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 10 of this policy also apply to recording incidents of sexting.

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

28. Child Sexual Exploitation (CSE)

The definition of child sexual exploitation is as follows:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Like all forms of child sexual abuse, child sexual exploitation:

- can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity; can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child or young person's immediate knowledge (through others copying videos or images they have created and posting on social media, for example);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be
 a one-off occurrence or a series of incidents over time, and range from opportunistic to complex
 organised abuse; and
- is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Child sexual exploitation is never the victim's fault, even if there is some form of exchange: all children and young people under the age of 18 have a right to be safe and should be protected from harm.

At Jesson's CE Primary School we understand that any child in any community may be vulnerable to child exploitation, we will be alert to the fact that child sexual exploitation is complex and rarely presents in isolation of other needs and risks of harm (although this may not always be the case, particularly in relation to online abuse). Child sexual exploitation may be linked to other crimes and we will be mindful that a child who may present as being involved in criminal activity is actually being exploited.

At Jesson's CE Primary School we are aware that the following vulnerabilities are examples of the types of things children can experience that might make them more susceptible to child sexual exploitation:

- Having a prior experience of neglect, physical and/or sexual abuse;
- Lack of a safe/stable home environment, now or in the past (domestic violence or parental substance misuse, mental health issues or criminality, for example);
- Recent bereavement or loss;
- Social isolation or social difficulties;

- Absence of a safe environment to explore sexuality;
- Economic vulnerability;
- Homelessness or insecure accommodation status;
- Connections with other children and young people who are being sexually exploited;
- Family members or other connections involved in adult sex work;
- Having a physical or learning disability;
- Being in care (particularly those in residential care and those with interrupted care histories); and
- Sexual identity.

We understand that not all children and young people with these vulnerabilities will experience child sexual exploitation. Child sexual exploitation can also occur without any of these vulnerabilities being present.

Children rarely self-report child sexual exploitation so we understand it is vitally important that all staff at Jesson's CE Primary School are aware that some of the following signs may be indicators of child sexual exploitation:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who have older boyfriends or girlfriends;
- children who suffer from sexually transmitted infections or become pregnant;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

We will remain open to the fact that child sexual exploitation can occur without any of these risk indicators being obviously present and be alert to the potential signs of abuse and neglect and to understand the procedures set out by local multi-agency safeguarding arrangements.

At Jesson's CE Primary School we will provide information and raise awareness of CSE including the signs, vulnerabilities and reporting procedures in line with WST guidelines.

Our staff will report any concerns regarding children at risk of CSE to the designated safeguarding lead or deputy who will then make a referral and liaise with other relevant statutory agencies, for example, social care, police and health professionals as required.

Dudley CSE Co-ordinator- contact Nikki.Fernandes@dudley.gov.uk

29. 'Honour based Abuse'

So-called 'honour-based' abuse (HBA) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. Our staff will be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such.

If our staff have any concerns regarding a child that might be at risk of HBA or who has suffered from HBA they will speak to the designated safeguarding lead or deputy. As appropriate the designated safeguarding lead or deputy will activate the local safeguarding procedures by contacting the police and or social care.

30. Female Genital Mutilation (FGM)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

ALL staff will speak to the designated safeguarding lead or deputy with regard to any concerns about female genital mutilation.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18.

Those failing to report such cases will face disciplinary sanctions.

It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies.

<u>Teachers must personally report to the police</u> cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with our school's designated safeguarding lead or deputy and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers will follow local safeguarding procedures.

At Jesson's CE Primary School teachers must also report their concerns and share the information with the designated safeguarding lead or deputy following the school's procedures for recording and reporting. The teacher the will be supported by the designated safeguarding lead to fulfil their duty to report FGM cases to the police and social care.

Some warning signs:

- Difficulty walking, sitting or standing;
- Unusual behaviour after an absence from school;
- Age of the young girl (0-15 years);
- A young girl may visit the bathroom more frequently or spend more time than usual in the bathroom;
- A young girl may have frequent, urinary, menstrual or stomach problems;
- Prolonged or repeated absence from school;
- A young girl may try to avoid PE lessons;
- Travel to a country known to practise FGM (School holiday times);
- An Elder family member visiting from a country known to practise FGM;
- Overhearing conversations related to FGM;
- A young girl may disclose, ask questions or ask for advice;
- Reluctance to undergo normal medical examination; and
- Girls that are withdrawn from PSHE or SRE.

31. Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage.

The Forced Marriage Unit has published Multi-agency guidelines, with pages 35-36 focusing on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmu@fco.gov.uk.

32. Breast ironing/flattening

Breast flattening, also known as breast ironing, is the process during which young pubescent girls' breasts are ironed, massaged, flattened and/or pounded down over a period of time (ranging from a few weeks to years) in order for the breasts to disappear or delay the development of the breasts entirely. In some families, large stones, a hammer or spatula that have been heated over hot coals can be used to compress the breast tissue. Other families may opt to use an elastic belt or binder to press the breasts to prevent them from growing. Breast flattening usually starts with the first signs of puberty, it is usually carried out by female relatives.

It should also be acknowledged that some adolescent girls and boys may choose to bind their breast using constrictive material due to gender transformation or questioning their identity, and this may also cause health problems.

Health Implications

Due to the type of instruments that may be used, the type of force and the lack of aftercare, significant health and developmental issue may occur, such as:

- Severe Pain
- Fever
- Dissymmetry or disappearance of breast/s
- Itching
- Tissue damage
- Infection
- Discharge of milk
- Breast cancer
- Abscesses or cysts
- There may also be an impact on the child's social and psychological well-being

Justifications

In many cases, the abuser thinks they are doing something good for the girl by delaying the effects of puberty and the practice is designed to:

- prevent pregnancy and rape
- make teenage girls look less "womanly" and no-longer sexually attractive to men.
- enable the girl to continue her education
- prevent dishonour being brought upon the family if the girl begins sexual relations outside of marriage
- prevent early marriage
- deter unwanted attention

Prevalence

There has not been extensive research done on breast flattening and the few studies that have been carried out indicate that the practice occurs predominantly in Cameroon. Other countries include: Togo, Chad, Kenya, Guinea Bissau, South Africa, Cote d'Ivoire, Benin and Zimbabwe.

Signs that a girl could be at risk

- A girl is embarrassed about her body
- A girl is born to a woman who has undergone breast flattening
- A girl has an older sibling or cousin who has undergone breast flattening
- References to breast flattening in conversation, for example a girl may tell other children about it
- A girl may request help from a teacher or another adult if she is aware or suspects that she is at immediate risk

- A girl from an affected community is withdrawn from PSHE and/or Sex and Relationship Education as her parents wish to keep her uninformed about her rights and her body.
- One of both parents or elder family members consider breast flattening integral to their cultural identity.
- The family indicate that there are strong levels of influence held by elders who are involved in bringing up female children and support breast flattening.

Signs that breast flattening has occurred

As well as keeping in mind the signs that indicate a girl may be at risk of breast flattening, professionals and others should be mindful that:

- A girl may disclose to a teacher, social worker, GP or another medical professional
- Some girls may ask for help, perhaps talk about pain or discomfort in their chest area, but may not be explicit about the problem due to embarrassment or fear
- A girl may display reluctance to undergo medical examination
- A girl may be fearful of changing for physical activities due to scars showing or bandages being visible

Law in the UK

There are no specific laws in the UK regarding breast flattening.

What to do if you suspect a girl is at risk of/undergoing breast flattening.

If any member of staff is concerned that a girl is at risk of breast flattening, they must speak to the DSL/DDSL immediately. The DSL /DDSL will contact the DUDLEY CHILDRENS FRONT DOOR and make a referral.

33. Up-Skirting

The Voyeurism (Offences) Act, which is commonly known as the Up-skirting Act, came into force on 12 April 2019. 'Up-skirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

34. Serious violence

All staff should be aware of indicators which may signal that children are at risk from or involved with serious violent crime. These may include: increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs. All staff should be aware of the associated risks and understand the measures in place to manage these (more information can be found in Home Office guidance)

35. Preventing Radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk will be a part of our school's/college's safeguarding approach.

Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

We understand there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet). However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, our staff will be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff will use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral to the Channel programme.

From 1 July 2015, specified authorities, including all schools (and since 18 September 2015 all colleges) as defined in the summary of this guidance, are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 ("the CTSA 2015"), in the exercise of their functions, to have "due regard" to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies. Bodies to which the duty applies must have regard to statutory guidance issued under section 29 of the CTSA 2015. Paragraphs 57-76 of the statutory "Revised Prevent duty guidance: for England and Wales" (for schools) summarises the requirements on schools in terms of four general themes:

At Jesson's CE Primary School we will:

- Assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology;
- Work in partnership with parents, children, families and statutory agencies;
- Assess the risk in our local area and as a minimum our designated safeguarding lead will undertake Prevent
 awareness training to provide advice and support to other members of staff on protecting children from the
 risk of radicalisation; and
- Ensures that suitable filtering and monitoring is in place. Our pupils are taught to stay safe on-line. Our Esafety is integral to the school's IT curriculum.

Early indicators of radicalisation or extremism may include:

- Showing sympathy for extremist causes;
- Glorifying violence, especially to other faiths or cultures;
- Making remarks or comments about being at extremist events or rallies outside school;
- Evidence of possessing illegal or extremist literature;
- Advocating messages similar to illegal organisations or other extremist groups;
- Out of character changes in dress, behaviour and peer relationships (but there are also very powerful narratives, programmes and networks that young people can come across online so involvement with particular groups may not be apparent);
- Secretive behavior;
- Online searches or sharing extremist messages or social profiles;
- Intolerance of difference, including faith, culture, gender, race or sexuality;
- Graffiti, art work or writing that displays extremist themes;
- Attempts to impose extremist views or practices on others;
- Verbalising anti-Western or anti-British views; and
- Advocating violence towards others.

At Jesson's CE Primary School, we aim to build the children's resilience to radicalisation by providing a safe environment and through particular aspects of the curriculum including SMSC, British Values, PSHE, RSE and Citizenship.

Training on Prevent will be delivered as required to the relevant staff. Our school will use the e-learning links outlined in KCSiE if required. Our school will utilise the Department for Education advice for schools on the Prevent duty and other links and guidance outlined in KCSiE.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from our school, if required, will attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

Our staff understand when it is appropriate to make a referral to the Channel programme. Channel guidance is available at: <u>Channel Guidance</u>.

Our staff will co-operate with local Channel panel as required.

For Prevent referrals please liaise with safe & sound (Dudley's Community Safety Partnership) website - https://www.dudleysafeandsound.org/prevent

36. Child on Child Abuse

At Jesson's CE Primary School we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other children. We recognise that some children will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's relevant policy e.g. behaviour policy.

ALL staff recognise that children can abuse their peers

ALL allegations will be taken seriously, at Jesson's CE Primary School we understand that 'abuse is abuse and should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- > Is serious, and potentially a criminal offence
- > Could put pupils in the school at risk
- > Is violent
- > Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, up skirting or sexually inappropriate pictures or videos (including sexting)

ALL allegations will be carefully considered and all decisions will be made on a case by case basis in consultations with social care. Referrals under safeguarding arrangements may be necessary, key specific considerations will include:

- The age, maturity and understanding of the children; and
- Any disability or special needs of the children

Allegations against other children which are safeguarding issues

Some allegations may be of such a serious nature that they may raise safeguarding concerns. These allegations may include physical abuse, emotional abuse, sexual abuse, sexual violence and harassment, up-skirting and sexual exploitation and sexting.

We understand the gendered nature of child on child abuse (it is more likely that girls will be victims and boys will be perpetrators) but all child on child abuse is unacceptable and will be taken seriously.

Other gender issues that can be prevalent when dealing with child on child abuse could, for example, include girls being sexually touched or assaulted or boys being subject to initiation or hazing type violence. It is also likely that incidents may involve older students and their behaviour towards younger students or those who are vulnerable.

It is likely that, to be considered a safeguarding allegation against a child, some of the following features will be found.

If the allegation:

- Is made against an older child and refers to their behaviour towards a younger child or a more vulnerable child:
- Is of a serious nature, possibly including a criminal offence;
- Raises risk factors for other children in the school;
- Indicates that other children may have been affected by this child; and
- Indicates that young children outside the school may be affected by this child.

Examples of safeguarding issues against a child could include:

Physical Abuse

- Violence, particularly pre-planned;
- Forcing others to use drugs or alcohol; and
- Initiation and hazing violence.

Emotional Abuse

- Blackmail or extortion;
- Threats and intimidation; and
- Bullying and cyber-bullying.

Sexual Abuse including sexting and gender-based violence

- Indecent exposure, indecent and inappropriate touching or serious sexual assaults;
- · Forcing others to watch pornography or take part in sexting; and
- Initiation and hazing violence.

Sexual Exploitation/violence and harassment

- Encouraging other children to engage in inappropriate sexual behaviour (For example having an older boyfriend/girlfriend, associating with unknown adults or other sexually exploited children, staying out overnight); and
- Photographing or videoing other children performing indecent acts.

Prevention, assessing and minimising the risks

At Jesson's CE Primary School we will minimise the risk of allegations against other children by:

- Providing a developmentally age appropriate PSHE, RSE, Health Education, and British Values curriculum which develops children's understanding of acceptable behaviour and keeping themselves safe.
- Having systems in place for any child to raise concerns with staff, knowing that they will be listened to, believed and valued.
- Delivering targeted work on assertiveness, protective behaviours and keeping safe those children identified as being at risk.
- Developing robust risk assessments and providing targeted work for children identified as being a potential risk to other children.
- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Training and awareness sessions will be provided for staff.

Procedure to manage and record child on child abuse allegations

- When an allegation is made by a child against another child, members of staff should consider whether the
 complaint raises a safeguarding concern. If there is a safeguarding concern the designated safeguarding lead
 or deputy will be informed;
- A factual record will be made of the allegation, but no attempt at this stage should be made to investigate the circumstances;
- The designated safeguarding lead or deputy will contact social care/multi-agency agency safeguarding hub (DUDLEY CHILDRENS FRONT DOOR) to discuss the allegation and seek advice;
- The designated safeguarding lead or deputy will follow through the outcomes of the discussion and make a referral where appropriate;
- If the allegation indicates that a potential criminal offence has taken place, this will be referred to the multiagency agency safeguarding hub DUDLEY CHILDRENS FRONT DOOR where the police will become involved;
- Following advice from Social Care and/or the police, parents of both the child being complained about and the alleged victim, should be informed and kept updated on the progress of the referral;
- The designated safeguarding lead or deputy will make a record of the concern, the discussion and any outcome and keep a copy in the files of both children's files;
- It may be appropriate to exclude the pupil being complained about for a period of time according to the school's behaviour policy and procedures;
- Where neither social services nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual behaviour procedures;
- In situations where the school considers a safeguarding risk is present, a risk assessment should be prepared along with a preventative, supervision plan; and
- The plan should be monitored and a date set for a follow-up evaluation with everyone concerned.

Support and care

At Jesson's CE Primary School we recognise and understand that child on child allegations will be very distressing situations for all concerned – the victim, perpetrator, other children, family members and staff. We will seek to provide any support required and make any necessary referrals for counselling and support services.

37. Sexual Violence and harassment between children

If an incident of sexual violence or sexual harassment occurs at our school/college will follow the guidance set out in Part 5 of Keeping Children Safe in Education and we will use the DfE guidance - Sexual violence and harassment between children in schools and colleges See Sexual Violence and Sexual Harassment between children in schools and colleges

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, likely, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable.

At Jesson's CE Primary School all victims will be taken seriously and offered appropriate support. We know that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT+ children are at greater risk.

Staff are aware and know the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys"; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

Sexual violence

Our staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003.

Consent

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

Sexual harassment means 'unwanted conduct of a sexual nature' that can occur online and offline. For this policy, reference to sexual harassment, is in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (we will consider when any of this crosses a line into sexual violence it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
- non-consensual sharing of sexual images and videos;

- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats

https://www.gov.uk/government/publications/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people

Our school response to a report of sexual violence or sexual harassment

Our school will follow the guidance set out in part 5 Keeping Children Safe in Education and the DfE guidance Sexual violence and sexual harassment between children in schools and colleges 2023.

SVSH_2021.pdf

- Any decisions made upon receipt of a concern will be made on a case-by-case basis by the designated safeguarding lead or deputy who will liaise with social care and or the police if necessary.
- All staff who have a concern regarding sexual violence or sexual harassment will speak with and report their concern to the designated safeguarding lead or deputy immediately.
- All victims will be reassured that they are being taken seriously and they will be supported.
- All staff will act in the best interest of the children.
- Our staff will be supportive and respectful of the child.
- Our staff will listen carefully to the child/student, they will be non-judgemental and will not ask leading questions.
- Our staff will not promise confidentiality and will explain that the information will be shared with those people who will be able to help and progress the report.
- A record of the report will be made. Best practice is to wait until the end of the report and immediately write up a thorough summary. It may be appropriate to make notes during the report however staff must remain engaged with the children, listen very carefully and not be distracted by note taking.
- The record will only include the facts as the child presents them. We understand that the notes should not reflect the personal opinion of the note taker and we are aware that the notes could become part of a statutory assessment by social care or part of a criminal investigation.
- Where the concern includes an online element, we know we should not view or forward any images unless
 there is a valid reason to do so and we will follow the DfE guidance set out in Screening, searching and
 confiscation advice.
- Where possible we will try to manage and record an initial report with two members of staff present preferably one of them being the designated safeguarding lead or deputy.
- If the designated safeguarding lead or deputy is not involved in the initial report the staff member will speak to the designated safeguarding lead or deputy immediately.

Risk assessment

If we receive a report of sexual violence or harassment, the designated safeguarding lead or deputy will make an immediate risk and needs assessment. This will be considered on a case-by case basis.

Our risk and needs assessment will consider:

• the victim, especially their protection and support;

- the alleged perpetrator; and
- all the other children (and, if appropriate, adult students and staff) at our school, especially any actions that are appropriate to protect them.

Our risk assessment will be an electronic record and will be reviewed and updated regularly. We will continually and actively consider the risks posed to all children/students and we will put adequate measures in place to protect and keep them safe.

Our designated safeguarding lead or deputy will engage with children's social care and specialist services as required. Where there has been a report of sexual violence, it is likely that professional risk assessments by social workers and or sexual violence specialists will be required. Any such professional assessments should be used to inform the school's approach to supporting and protecting our children/students and will be used to update our own risk assessment.

Actions to consider following a report of sexual violence and/or sexual harassment

Following a report of sexual violence and/or harassment we will consider:

- the wishes of the victim in terms of how they want to proceed (in an age appropriate way.) This is especially
 important in the context of sexual violence and sexual harassment. Victims will be given as much control as
 is reasonably possible over decisions regarding how any investigation will be progressed and any support
 that they will be offered;
- the nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour;
- the ages of the children involved;
- the developmental stages of the children involved;
- any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse;
- are there ongoing risks to the victim, other children, adult students or school or college staff; and
- other related issues and wider context e.g. contextual safeguarding.

Managing a report

We will consider every report on a case-by-case basis. When to inform the alleged perpetrator will be carefully considered. Where a report is going to be made to children's social care and/or the police, then, generally, our school/college will speak to the relevant agency and discuss next steps and how the alleged perpetrator will be informed of the allegations. However, as per general safeguarding principles, this will not stop our school/college taking immediate action to safeguard our children, where required.

Our school will consider four likely scenarios when managing any reports of sexual violence and/or sexual harassment.

We will either manage the report:

- 1. Internally
- 2. Consider early help
- 3. Refer to social care
- 4. Report to the police

Considering bail conditions

Our school will have due regard for the information available in KCSiE part 5 and the DfE sexual violence and harassment guidance regarding bail conditions.

- When there is a criminal investigation, without bail conditions, our school/academy will work with children's social care and the police to support the victim, alleged perpetrator and other children/students involved (especially potential witnesses). Where required, we will seek advice from the police to help our school manage our safeguarding responsibilities.
- The term 'Released Under Investigation' or 'RUI' will replace those previously on bail for offences in circumstances that do not warrant the application of bail to either re-attend on a particular date or to include conditions preventing activity or in some cases ensuring compliance with an administrative process.
- Where bail is deemed proportionate and necessary, our school will work with children's social care and
 the police to manage any implications and safeguard our children. An important consideration will be to
 ensure that the victim can continue in their normal routine, including continuing to receive a suitable
 education.

Managing any delays in the criminal process

- There may be delays in any case that is being progressed through the criminal justice system. Our Schools/colleges will not wait for the outcome (or even the start) of a police investigation before protecting the victim, alleged perpetrator and other children in the school or college. We will use a risk assessment to help inform any decision.
- Whilst protecting children and/or taking any disciplinary measures against the alleged perpetrator, our designated safeguarding lead or deputy will work closely with the police (and other agencies as required), to ensure any actions our school/college take do not jeopardise the police investigation.
- If our school/college has questions about the investigation, we will ask the police.

The end of the criminal process

• If a child is convicted or receives a caution for a sexual offence, our school will update our risk assessment, ensure relevant protections are in place for all the children at our school and, we will consider any suitable action in light of our behaviour policy. If the perpetrator remains in our school with the victim our school will be very clear as to our expectations regarding the perpetrator now they have been convicted or cautioned. This could include expectations regarding their behaviour and any restrictions the school thinks are reasonable and proportionate regarding the perpetrator's timetable.

We will ensure both the victim and alleged perpetrator remain protected, especially from any bullying or harassment (including online).

Where cases are classified as "no further action" (NFA'd) by the police or Crown Prosecution Service, or where there is a not guilty verdict, we will continue to offer support to the victim and the alleged perpetrator for as long as is necessary. A not guilty verdict or a decision not to progress with their case will likely be traumatic for the victim. The fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. We will discuss any decisions with the victim in this light and continue to offer support. The alleged perpetrator is also likely to require ongoing support for what will have likely been a difficult experience.

Safeguarding and supporting the victim

The following principles are based on effective safeguarding practice and will help shape any decisions regarding safeguarding and supporting the victim.

- The age and the developmental stage of the victim.
- The needs and wishes of the victim will be paramount (along with protecting the child) in any response. It is important they feel in as much control of the process as is reasonably possible. Wherever possible, the

- victim, if they wish, should be able to continue in their normal routine. Overall, the priority will be to make the victim's daily experience as normal as possible, so that our school/college is a safe space for them.
- The victim should never be made to feel they are the problem for making a report or made to feel ashamed for making a report.
- Consider the proportionality of the response. Support should be tailored on a case-by-case basis. The support required regarding a one-off incident of sexualised name-calling is likely to be vastly different from that for a report of rape. Support can include: Children and Young People's Independent Sexual Violence Advisors (ChISVAs), Rape Crisis, The Survivors Trust, CAMHS, Rape Crisis centres and the Internet Watch Foundation.

Victims may not disclose the whole picture immediately. They may be more comfortable providing information on a piecemeal basis. It is essential that dialogue is kept open and encouraged. When ongoing support will be required, we will ask the victim if they would find it helpful to have a designated trusted adult (for example, their form tutor or designated safeguarding lead) to talk to about their needs. The choice of any such adult should be the victim's. We will respect and support this choice.

We understand that a victim of sexual violence is likely to be traumatised and, in some cases, may struggle in a normal classroom environment. While we will avoid any action that would have the effect of isolating the victim, in particular from supportive peer groups, there may be times when the victim finds it difficult to maintain a full-time timetable and may express a wish to withdraw from lessons and activities. This should be because the victim wants to, not because it makes it easier to manage the situation. If required, we will provide a physical space for victims to withdraw.

We will do everything we reasonably can to protect the victim from bullying and harassment as a result of any report they have made.

Whilst the victim will be given all the necessary support to remain in our school, if the trauma results in the victim being unable to do this, alternative provision or a move to another school should be considered to enable them to continue to receive suitable education. This should only be at the request of the victim (and following discussion with their parents or carers).

If the victim does move to another educational institution (for any reason), the new educational institution will be made aware of any ongoing support needs. The designated safeguarding lead will take responsibility to ensure this happens (and should discuss with the victim and, where appropriate their parents or carers as to the most suitable way of doing this) as well as transferring the child protection file.

Safeguarding and supporting the alleged perpetrator

The following principles are based on effective safeguarding practice and will help shape any decisions regarding safeguarding and supporting the alleged perpetrator:

The age and the developmental stage of the alleged perpetrator and nature of the allegations. Any child will likely experience stress as a result of being the subject of allegations and/or negative reactions by their peers to the allegations against them.

Consider the proportionality of the response. Support (and sanctions) will be considered on a case-by-case basis. An alleged perpetrator may potentially have unmet needs (in some cases these may be considerable) as well as potentially posing a risk of harm to other children. Harmful sexual behaviours in young children may be (and often are) a symptom of either their own abuse or exposure to abusive practices and or materials. We will seek advice, as appropriate, from children's social care, specialist sexual violence services and the police.

It is important that if the alleged perpetrator does move to another educational institution (for any reason), that the new educational institution is made aware of any ongoing support needs and where appropriate, potential risks to other children and staff. The designated safeguarding lead will take responsibility to ensure this happens as well as transferring the child protection file.

38. Child criminal exploitation (CCE) and county lines

Child criminal exploitation (CCE) is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology. CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (county lines) forced to shoplift or pickpocket, or to threaten other young people. Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line". Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network. One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

39. Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. Our school will use the age appropriate guides to support children, 5-11year olds and 12-17 year olds. Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. Our school will use the Ministry of Justice online child arrangements information tool to support this process and will make this information available to parents and carers if they require our assistance.

40. Children with family members in prison

Some children who attend our school may have a parent who has been sent to prison. Our school will utilise the information NICCO provides designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

41. Domestic Abuse

Domestic violence and abuse are:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. West Midlands police forces are part of Operation Encompass

The DSL will provide support according to the child's needs and update records about their circumstances.

Operation Encompass

Operation Encompass operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs.

Our school/college will make use of the advice and links available in Keeping Children Safe in Education (Annex A) to identify and support children who are affected by domestic abuse and how they can be helped.

We also work with other key partners and share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm. Key partners include Operation Encompass,

NSPCC and Safe Lives. Please see the link to the new Domestic Abuse Act 2021, which includes the new definition and requirements from local councils, new orders and a new definition. Children will be classed as victims in their own right.

DUDLEY CHILDRENS FRONT DOOR Education officer – Diane Green

42. Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. When required our designated safeguarding lead or deputies will obtain contact details and know referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, this does not, and will not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

Our school staff will consider homelessness in the context of children who live with their families, and intervention will be on that basis.

Other types of abuse to be aware of include:

- Bullying including cyber-bullying
- · Children missing from home or care
- Drugs
- Fabricated and Induced illness
- Faith abuse
- Gangs and youth violence
- Gender based violence/violence against women and girls
- Hate
- Mental health
- Relationship abuse
- Sexting
- Trafficking
- Modern slavery
- Adverse childhood experiences

Whilst it is important for our staff to be vigilant regarding the types and signs of abuse at all times it does not necessarily mean that a child or young person has been abused because the signs have been noted or observed. However, ALL concerns MUST be shared with the designated safeguarding lead or deputy.

43. LGBT+ Pupils

Some pupils may be vulnerable due to their sexual orientation or gender identity, either because they are subject to homophobic, bi-phobic or transphobic bullying or because of negative responses from parents/carers or others, which may result in increased risk of self-harm, suicide or homelessness.

Several studies also evidence that LGBT+ young people may be at increased risk of becoming victims of CSE.

Schools should therefore ensure that they are aware of the increased risk factors and know how to access appropriate support for these young people when required.

LGBT+ young people can also be victims of Sexual Violence and Harassment – KCSiE 2023.

Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with special educational needs and disabilities (SEND) and LGBT children are at greater risk.

Staff should be aware of the importance of:

- challenging inappropriate behaviours
- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys"; and
- challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

0121 Dudley Trans guidance and toolkit v

44. Monitoring policy and practice

Our safeguarding policy and procedures will be reviewed annually or sooner if required. All staff and stakeholders may contribute to the development of our policies and procedures.

Our policy will be published on our website and paper copies are available upon request.

Appendix 1: allegations of abuse made against staff

Section 1: allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- > Behaved in a way that has harmed a child, or may have harmed a child, and/or
- > Possibly committed a criminal offence against or related to a child, and/or
- > Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- ➤ Behaved or may have behaved in a way that indicates they may not be suitable to work with children this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult out local authority designated officer (LADO).

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- > Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- > Providing an assistant to be present when the individual has contact with children
- > Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- > Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- > Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the local authority.

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- > Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **> False:** there is sufficient evidence to disprove the allegation
- > Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

> Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- > Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- > Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- > Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- > Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- > Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- > If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- > If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- > If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- > Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- > Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- > Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child no information will be shared regarding the staff member)
- > Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- > We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- > The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- > We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- > We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- ➤ If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- > If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- > Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- > Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- > Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- > Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- · Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- > Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- **>** Suspicion
- > Complaint
- > Safeguarding concern or allegation from another member of staff
- Disclosure made by a child, parent or other adult within or outside the school
- > Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, and
- > Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- > Being overly friendly with children
- > Having favourites
- > Taking photographs of children on their mobile phone
- > Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- > Humiliating pupils

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- > Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- > Empowering staff to share any low-level concerns as per section 19 of this policy
- > Empowering staff to self-refer
- > Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- > Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- > Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- > Directly to the person who raised the concern, unless it has been raised anonymously
- > To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's code of conduct. The headteacher will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the DSL.

Developing and implementing a low-level concerns policy: A guide for organisations which work with children

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- > Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- > Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- > Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- > The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- > The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

The seven golden rules to sharing information

- 1. Remember that the Data Protection Act 1998 and human rights law are not barriers to justified information sharing, but provide a framework to ensure that personal information about living individuals is shared appropriately.
- 2. Be open and honest with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.
- 3. Seek advice from other practitioners if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
- 4. Share with informed consent where appropriate and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgment, there is good reason to do so, such as where safety may be at risk. You will need to base your judgment on the facts of the case. When you are sharing or requesting personal information from someone, be certain of the basis upon which you are doing so. Where you have consent, be mindful that an individual might not expect information to be shared.
- 5. Consider safety and well-being: Base your information sharing decisions on considerations of the safety and well-being of the individual and others who may be affected by their actions.
- 6. Necessary, proportionate, relevant, adequate, accurate, timely and secure: Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely (see principles).
- 7. Keep a record of your decision and the reasons for it whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.

If in doubt about whether or how to share information we will follow the flow chart on page 12 of DFR Information Sharing.

Learning Lessons from Reports and Enquiries

Maria Coldwell 1974 and development of Area Child Protection Committees 1989, Jasmine Beckford Enquiry – working together guidelines, Victoria Climbie and Laming Report 2004 – Every Child Matters and Local Safeguarding Boards, Peter Connelly Enquiry – reviewed working together and Laming Report progress, Munro Review – child centred systems. Other more local Serious Case Reviews and pertinence to schools – religious belief blocks, collaborative working, identifying self-harm, risk of ingesting drugs, the role of Health Visitors, professional curiosity and the "whole house" on visits, toxic trio of abuse substance misuse, mental ill health and domestic violence, working with the whole family not just immediate family et al.

There are many other local Serious Case Reviews are available to read at: https://safeguarding.dudley.gov.uk/

Other Documents Available in School

Related documents and procedures are available via the DSL's are: -

- All records for safeguarding issues entered on pastoral files/CPOMS
- Detailed referral forms to the Multi Agency Safeguarding Hub (commonly known as DUDLEY CHILDRENS FRONT DOOR or Social Services for Children).
- Historical "Children Causing Concern" intervention log and our incident log (confidential on a need to know basis).
- Staff Handbook.
- School Prospectus for Parents / Carers and Home School Agreements.
- Teacher or NJC terms and conditions of employment.
- Professional Standards for Teachers.
- Professional standards for support staff.
- Raising Achievement Action Plan.
- Incident report forms.
- Local Authority Health and Safety Manual.
- Education Health and Care Plans.
- Looked After Children Policy.

Induction and Continuing Professional Development

This policy will form part of the induction process for new members of staff with particular emphasis on what to do if you suspect abuse and neglect and staff conduct. Every new member of staff will have a mentor on their level as well as a tutor. This will allow informal discussions and practical help. NSPCC or DCSF online training packages will be used to train new employees. Existing employees will be trained at staff meetings.
